DRAFT

MEETING OF THE SAN DIEGO METROPOLITAN TRANSIT SYSTEM BUDGET DEVELOPMENT COMMITTEE 1255 Imperial Avenue, Suite 1000 San Diego, CA 92101

January 31, 2017

MINUTES

1. ROLL CALL

Mr. Mathis called the Budget Development Committee (BDC) meeting to order at 9:02 a.m. A roll call sheet listing BDC member attendance is attached.

2. APPROVAL OF MINUTES

Mr. Minto moved to approve the minutes of the October 27, 2016 San Diego Metropolitan Transit System (MTS) BDC meeting. Mr. Mathis seconded the motion, and the vote was 3-0 in favor, with Chairman Roberts and Ms. Zapf absent.

3. PUBLIC COMMENTS

There were no public comments.

4.a. Appointment of Committee Chairman and Vice Chairman

Mr. Mathis moved to nominate Chairman Roberts as Committee Chairman and Mr. McClellan as Vice Chairman, Mr. Minto seconded the motion.

Action Taken

The vote for Chairman Roberts as Committee Chairman was 3-0 in favor with Chairman Roberts abstaining. The vote for Mr. McClellan as Vice Chairman was 3-0 in favor with Mr. McClellan abstaining and Ms. Zapf absent.

4.b. Security Services Agreement-Contract Amendment (Larry Marinesi and Manny Guaderrama)

Paul Jablonski, Chief Executive Officer, stated that work on the security services contract had been ongoing for almost six months. He explained the impact of minimum wage increases on the contract, and stated that MTS successfully negotiated about \$1 million in savings on the contract with Universal Protection Services (UPS).

Larry Marinesi, Chief Financial Officer, and Manny Guaderrama, Director of Transit Enforcement/Chief of Police, gave the Committee a presentation on the security services agreement and contract amendment status. Mr. Marinesi explained the upcoming changes in minimum wage rates, which required addressing and revising the original contract with UPS approved by the Board of Directors. Mr. Marinesi stated that the direction previously provided by the BDC and Board of Directors were taken

Budget Development Committee Meeting January 31, 2017 Page 2 of 3

into consideration during the negotiations with UPS. He said that the result was a negotiated contract value of \$43.85 million, which is \$1.1 million below UPS's modified contract proposal.

Mr. Guaderrama gave an overview of the cost saving plan, which included a staffing proposal change, and adjustment of resources. He explained the new deployment plan, which divided the service area into different sections, called beats. Security teams would be responsible for their respective beats, with fixed post assignments at the busiest transit stations. Mr. Guaderrama concluded by summarizing the benefits of the plan, including increased visibility, increased enforcement of MTS ordinances, better personnel retention, and savings of over \$1 million.

Action Taken

Mr. Minto moved to forward the following recommendation to the MTS Board of Directors: receive the report on the security services agreement-contract amendment. Chairman Roberts seconded the motion, and the vote was 4-0 in favor, with Ms. Zapf absent.

4.c. Operating Budget Discussion (Mike Thompson)

Mike Thompson, Director of Financial Planning and Analysis, gave an update on the operating budget. He stated that the fiscal year (FY) 2017 budget operating revenue was down 6%, with ridership as the primary cause. Mr. Thompson said that the second half of FY 2016 is when the decline in passenger fare revenues started, and there is a forecasted 3% drop year over year in passenger levels. A discussion ensued on reasons for the ridership decline.

Mr. Thompson discussed the FY 2017 operating expenses, which were favorable by 2.6%. He spoke about consistent early trends in the operating expenses, including favorable healthcare and pension costs and shifting away from diesel and gasoline. He noted that there were anticipated addition costs for storm water drainage assessments, monitoring, and remediation as well as other outside services.

Mr. Thompson explained the FY 2017 subsidy revenue figures, and stated that overall it was unfavorable by 0.8%. He said that the operating budget forecast for FY 2017 had a \$1.6 million deficit, before carryover funding. He emphasized the concerns over limited revenue growth as well as increasing expenses in FY 2018, forecasting a \$5 million to \$8 million deficit that will need to be addressed. Mr. Thompson suggested several options for FY 2018, including using the reserve, raising fares, and adjusting service to reduce expenses. He added that there will be further discussions of the operating budget at the February BDC meeting.

Adjournment

Chairman Roberts adjourned the meeting at 10:34 a.m.

Agenda Item No. 4a

MEETING OF THE SAN DIEGO METROPOLITAN TRANSIT SYSTEM BUDGET DEVELOPMENT COMMITTEE

February 23, 2017

SUBJECT:

FISCAL YEAR 2017 MIDYEAR ADJUSTMENT (MIKE THOMPSON)

RECOMMENDATION:

That the Budget Development Committee forward a recommendation that the Board of Directors:

Enact Resolution No. 17-4 (Attachment B) amending the fiscal year (FY) 2017 operating budget for the San Diego Metropolitan Transit System (MTS), San Diego Transit Corporation (SDTC), San Diego Trolley, Inc. (SDTI), MTS Contract Services, and the Coronado Ferry.

Budget Impact

The action will amend the FY2017 operating budget.

DISCUSSION:

Combined MTS FY 2017 Midyear Adjustment

Revenues. Passenger fare revenues are unfavorable year over year by \$2,863,000 over the first six months of the fiscal year, and continue to trend behind the original budget. Passenger fare revenue is projected to be \$94,874,000, resulting in an unfavorable midyear adjustment of \$5,935,000.

Other revenue is projected to increase \$201,000. This is primarily due to higher than expected revenue from advertising.

Subsidy revenue, in total, produces an unfavorable midyear adjustment of \$1,593,000. TransNet revenue is expected to decrease by \$1,146,000 due to declining sales tax receipts and lower than expected reimbursement for TransNet funded operations. Federal subsidy revenue is expected to increase by \$193,000. Fastrak and other local funding are projected to decrease by \$640,000.

Reserve revenue contribution produces a favorable midyear adjustment of \$2,654,000. This is primarily due to \$2,000,000 of carryover funding from the FY 2016 operating budget. There are also increases due to the Taxicab Administration and SD&AE expenses exceeding revenues by \$679,000, which uses the reserves of these self-funded activities.

In total, consolidated revenues will yield a \$4,673,000 unfavorable midyear adjustment.

<u>Expenses</u>. Total consolidated operating expenses will produce a \$4,673,000 favorable midyear adjustment.

Personnel-related expenses will yield a \$3,690,000 favorable midyear adjustment. These adjustments include a decrease in labor expenses of \$1,921,000 and fringe expenses of \$1,768,000 due to favorable experience.

Total outside services will produce an unfavorable midyear adjustment of \$198,000.

Staff projects a favorable midyear adjustment of \$359,000 for materials and supplies.

The total favorable midyear adjustment in energy is \$1,314,000. This is primarily due to the expansion of East County CNG buses and the introduction of propane fueled buses, which produce cheaper per mile costs as well as shifting costs away from diesel and gasoline. Electricity expenses are expected to be favorable due to lower commodity costs. Natural gas prices have risen from the low prices experienced in FY 2016. However, the increase in commodity costs have been offset by decreases in transmission rates.

Risk management costs will produce an unfavorable midyear adjustment of \$74,000.

General and administrative costs will produce an unfavorable midyear adjustment of \$490,000.

Debt service will produce an unfavorable midyear adjustment of \$17,000.

Vehicle/facility leases will result in a favorable midyear adjustment of \$90,000.

<u>Net income</u>. The increase in revenues and expenses results in a balanced budget.

MEETING OF THE SAN DIEGO METROPOLITAN TRANSIT SYSTEM BUDGET DEVELOPMENT COMMITTEE

February 23, 2017

SUBJECT:

FISCAL YEAR 2018 OPERATING BUDGET DISCUSSION (MIKE THOMPSON)

RECOMMENDATION:

That the Budget Development Committee receive a report regarding fiscal year (FY) 2018 operating budget development and provide guidance on budgetary issues.

Budget Impact

None at this time.

DISCUSSION:

Staff will review key assumptions and decision points for the development of the FY 2018 operating budget.

Time Line/Calendar of Budgetary Process

Attachment A provides a recommended budgetary process time line.

MEETING OF THE SAN DIEGO METROPOLITAN TRANSIT SYSTEM BUDGET DEVELOPMENT COMMITTEE

February 23, 2017

SUBJECT:

FISCAL YEAR 2018 CAPITAL IMPROVEMENT PROGRAM (MIKE THOMPSON)

RECOMMENDATION:

That the Budget Development Committee forward a recommendation that the Board of Directors:

- 1. Approve the fiscal year 2018 Capital Improvement Program (CIP) with the estimated federal and nonfederal funding levels (Attachments A and B). As the federal appropriation figures are finalized and/or other project funding sources become available, allow the Chief Executive Officer (CEO) to identify and adjust projects for the adjusted funding levels;
- 2. Recommend that the San Diego Association of Governments (SANDAG) Board of Directors approve the submittal of Federal Section 5307 and 5337 applications for the MTS fiscal year 2018 CIP (shown in Attachment A);
- 3. Recommend that the SANDAG Board of Directors approve amendment number 3 of the 2016 Regional Transportation Improvement Program (RTIP) in accordance with the fiscal year 2018 CIP recommendations.

Budget Impact

The total estimated funding for fiscal year 2018 is \$125.6 million (Attachment A). After the utilization of \$52.0 million in preventative maintenance, \$4.3 million for Americans with Disabilities Act (ADA) Operation (funding the fiscal year 2017 operating budget), and funding for SANDAG planning studies totaling \$199,000, \$69.1 million is available for capital projects.

DISCUSSION:

Federal Funding

On December 4, 2015, President Obama signed the Fixing America's Surface Transportation (FAST) Act, reauthorizing surface transportation programs through Federal fiscal year 2020. FAST establishes the legal authority to commence and continue FTA programs. Each reauthorization amends the Federal Transit Laws codified in 49 USC Chapter 53.

FAST provides for the following funding streams MTS commonly receives:

- 5307 Urban Area Formula Grants for capital improvements and preventative maintenance
- 5311 Formula Grants for Rural Areas for capital improvements and to supplement operating costs
- 5337 State of Good Repair Funding for capital improvements and preventative maintenance
- 5339 Bus and Bus Facilities Funding for capital improvements

The fiscal year 2018 MTS CIP (Attachments A and B) will serve as the basis for the federal formula grant applications. The FTA requires submission of grant applications to obligate annual appropriations under Sections 5307, 5337, and 5339. The funding levels for each section (as indicated in Attachment A) this year are based on the actual apportionments published for the region.

As the region's Metropolitan Planning Organization (MPO), SANDAG apportions the 5307, 5337, and 5339 formula funds between MTS and the North County Transit District (NCTD) based on service area populations. Prior to the apportionments, SANDAG deducts funds from Section 5307 for funding the region's vanpool program. MTS receives approximately 70 percent while NCTD receives approximately 30 percent of these federal formula funds.

Section 5307 Urbanized Area Formula Program is a block grant program in which each urbanized area over 50,000 in population receives financial assistance to provide public transit. The formula for determining each metropolitan area's share of funds is based on an urbanized area's population, population density, levels of existing fixed-guideway service, and levels of existing bus service and ridership. The Section 5307 program is designed to meet routine capital needs and may not be used for operating assistance. However, the Transportation Equity Act for the 21st Century (TEA-21) expanded the definition of capital to include preventative maintenance, thereby, in effect, mitigating the relative lack of federal assistance for operations. In addition to the expanded definition of capital, the Section 5307 Urbanized Area Formula Program also allows for a maximum of 10 percent maximum of the allocation to support operations of ADA complementary paratransit service.

For federal fiscal year 2017, the estimated allocation for the MTS Section 5307 program is \$43.0 million, which would be matched with local funds of \$10.7 million. This program would provide an estimated \$53.7 million to fund MTS's fiscal year 2018 CIP.

Section 5337 is a new formula-based State of Good Repair program dedicated to repairing and upgrading the nation's rail transit systems along with high-intensity motor bus systems that use high-occupancy vehicle lanes, including bus rapid transit (BRT).

Section 5337 includes funding previously provided through section 5309 Fixed Guideway Rail Modernization Formula Program. Projects are limited to replacement and rehabilitation or capital projects required to maintain public transportation systems in a state of good repair.

Section 5337 SGR funds are allocated on a formula basis to rail systems that have been in operation for at least seven years. For federal fiscal year 2017, the Section 5337 funds MTS allocation estimate is \$26.9 million and will be matched with local funds of \$6.7 million. The program will provide an estimated \$33.6 million to fund MTS's fiscal year 2018 CIP.

Section 5339 funding provides capital funding to replace, rehabilitate and purchase buses and related equipment and to construct bus-related facilities. For federal fiscal year 2017, the Section 5339 funds MTS allocation estimate is \$3.5 million and will be matched with local funds of \$871,000. The program will provide an estimated \$4.4 million to fund MTS's fiscal year 2018 CIP.

The FTA funding is structured on a reimbursement basis (after expenses are incurred). Local funding (Transportation Development Act (TDA)/ State Transit Assistance (STA) /TransNet) is scheduled at the beginning of each fiscal year and received on a monthly basis. In many situations, local funds are received before expenses are incurred.

Local Match

The local match for CIP projects will come from the pooled transit finances for the MTS region. While it is likely that the actual funds used would be TDA funds, final decisions on the matching source would be made during the fiscal year 2018 CIP implementation process in order to maximize the availability and flexibility of funding.

Other Revenue

MTS receives State Transit Assistance (STA) funding from the Public Transportation Act, which derives its revenue from the state sales tax on diesel fuels. The estimated STA funding for fiscal year 2018 is \$12.5 million, of which \$8.9 million is planned in CIP with the remaining \$3.6 million planned for the operating budget.

MTS anticipates receiving its apportionment of \$2.2 million in Proposition 1B – Transit Security Grant Program (TSGP) for fiscal year 2018. This funding was authorized by the California Highway Safety, Traffic Reduction, Air Quality and Port Security Bond Act of 2006, which was approved by the voters as Proposition 1B at the November 7, 2006 general election. It authorized the issuance of general obligation bonds for specified purposes, including grants for transit system safety, security and disaster response projects.

The 2014-15 State of California Budget provides \$832 million to the Greenhouse Gas Reduction Fund (GHGRF) from Cap-and-Trade auction proceeds to support existing and pilot programs that will reduce GHG emissions and benefit disadvantaged communities. Transit operators are eligible recipients for several of the programs which will be funded from the GHGRF, most of which are competitive programs.

The Low Carbon Transit Operations Program (LCTOP) has \$34 million in total funding that will be distributed by the same formula as STA funding. MTS will receive \$1.7 million in fiscal year 2018. This funding will be used in conjunction with previously received Cap-and-Trade funding from the Transit and Intercity Rail Capital Program, and will be used to purchase nine Siemens SD8 light rail vehicles.

Development of the MTS Fiscal Year 2018 CIP

The CIP process began in October 2016 with the call for projects. The recommended CIP assumes funding \$52.0 million for preventative maintenance, \$4.3 million for ADA Operation, and \$199,000 in SANDAG planning studies. The remaining submitted projects compete for the balance of available funding. The list of projects is also subject to an analysis based on social equity principles. This process assures that the benefits and burdens of transit investment are shared equitably throughout the MTS service area. A series of maps are used to detail the results of this analysis.

A meeting of the Capital Projects Review Committee (CPRC) was held to review the project list and to develop a CIP recommendation for fiscal year 2018. In accordance with the Capital Projects Selection Process, the CPRC is comprised of representatives from MTS Bus, MTS Rail, MTS Administration, and SANDAG. Each CPRC member was responsible for submitting the capital requests for its division, agency, or city. The CPRC reviewed and approved the prioritization of those capital requests.

The capital project list (Attachment B) represents the five-year, unconstrained need for the MTS operators. Each MTS agency submitted its capital project requests in priority order, and the lists were consolidated for review by the CPRC. The CPRC reviewed the projects in the context of their impact on operations and determined the most critical projects to fund this year. The remaining projects were deferred; however, it is recognized that the continued deferral of some projects could have negative impacts on system infrastructure in future years.

Fiscal Year 2018 CIP Funded Projects

Of the \$69.1 million available after preventative maintenance and SANDAG planning studies, \$17.3 million (or 25 percent) has been dedicated to Rail Revenue Vehicles, \$17.0 million (or 25 percent) has been dedicated to Bus Revenue Vehicles and \$34.8 million (or 50 percent) has been dedicated to Facility & Construction Projects.

The table below is a summary of the CPRC recommendations, the major categories that are proposed to be funded, and the percentage of total available funding.

| Capital Project Categories | Funding (000s) | % of Total |
|----------------------------------|-------------------|------------|
| Rail Revenue Vehicles | \$ 17,336 | 25% |
| Bus Revenue Vehicles | 17,041 | 25% |
| Facility & Construction Projects | 5,073 | 7% |
| Rail Infrastructure | 21,081 | 31% |
| Other Equipment & Installations | 8,529 | 12% |
| Grand Total | \$ 69,059 | 100% |

A full listing of projects with respective funding levels is available within Attachment B, and brief descriptions are included in Attachment D. A couple projects of note:

- SD100 Replacement Funding of \$13.7 million will be added to the \$28.4 million previously funded for the replacement of the SD100 fleet. There will be 43 vehicles that will need to be replaced by 2025, with a total estimated cost of over \$200 million.
- Fare System Upgrade Funding of \$5.0 million will be added to the \$8.7 million previously funded for the replacement of the existing fare system. This will include the replacement of trolley ticket vending machines.

Five-Year Capital Program Projections

Attachment C summarizes a high-level look at the five-year capital program. The federal 5307 and 5337 funding levels are projected by SANDAG to increase by 2 percent for fiscal year 2019 & 2020 then hold flat through 2022. Cumulative total capital needs for the five-year period exceed the available projected funding levels. Total project needs over the five-year term are projected to be \$407.6 million. Projected deficits from fiscal year 2018 to fiscal year 2022 total \$54.1 million. The ratio of total funding to total capital needs over the five-year term is projected at 86.7 percent.
