MINUTES

1. ROLL CALL

Ms. Salas called the Budget Development Committee (BDC) meeting to order at 1:03pm A roll call sheet listing BDC member attendance is attached.

2. APPROVAL OF MINUTES

Ms. Salas moved to approve the minutes of the April 03, 2020 San Diego Metropolitan Transit System (MTS) BDC meeting. Mr. Sandke seconded the motion, and the vote was 4 to 0 in favor.

3. PUBLIC COMMENTS

There were no public comments.

4. <u>Fiscal Year (FY) 2020 Final Budget Comparison (Gordon Meyer)</u>

Sharon Cooney, Chief Executive Officer (CEO), gave a brief overview of the FY 2020 Final Budget Comparison. She mentioned that the budget gap caused by COVID-19 is being filled with the one-time Federal Coronavirus Aid, Relief, and Economic Security (CARES) Act.

Gordon Meyer, Supervisor of Operating Budget, reminded the board that the FY20 budget does include \$33.5M of projected CARES Act funding, to help cover the forecast revenue loss and increased expenses resulting from COVID-19. Mr. Meyer mentioned MTS did have a favorable budget results in FY20, which resulted in less CARES funding to balance the deficits and have more available CARES Act funding for FY21.

Mr. Meyer went over the FY20 Operating Revenue. He mentioned fare revenue was favorable by \$3.2M, 4.2%, and fare revenue was unfavorable to the prior year by \$12.7M, -13.8%. Other operating revenue was favorable by \$3.1M, 16.5%. He also stated that the loss of energy credit, interest, advertising and rental income was not as severe of a loss as initially projected and other operating revenue was favorable by \$6.3M, 6.7%.

Mr. Meyer gave an overview of the Operating Expenses for the end of FY20. With personnel expenses ending at \$4.9M, 3.4% favorable, he explained this was primarily due to favorable paid absences from the Families First Coronavirus Respond Act (FFCRA). He explained other areas that were favorable were; health & welfare, operating wages and operator wages due to reduced service levels. Overall the operating expenses were favorable by \$7.2M, 2.3% and a total combined net operating favorable variance of \$13.5M, 6.3%.

Mr. Meyer went over the Non-Operating Revenue totals, he mentioned federal revenue was unfavorable by \$121k, -0.2%, FTA CARES, was unfavorable by \$15.6M, -46.6%. Mr. Meyer mentioned Transportation Development Act (TDA) was favorable by \$4.7M, 8.0%, originally a \$6M decrease was projected due to the pandemic but the full FY20 TDA claim amount was received from the county. All together the Non-Operating Revenue was unfavorable by \$9.3M, -4.3%. Overall the total operating and non-operating revenues and expenses were favorable by \$4.2M, however Mr. Meyer did mention that without the one-time CARES Act we would have a structural deficit of \$13.7M because of the COVID impact.

Mr. Meyer went over the Contingency Reserve balance, mentioning that the policy for the contingency reserve is to set the target at 12.5% of the operating expense budget. He mentioned the FY21 target is \$39.3M and based on the FY20 reserve target, MTS has \$4.1M in excess revenues over expenses. Mr. Meyer mentioned that by adding the \$4.1M in contingency reserves, it will put the reserve target at 13.3%, \$2.6M higher than the reserve target of 12.5%. Mr. Meyer's proposed allocation is to allocate \$1.5M to contingency reserve to achieve the 12.5% target and to allocate \$2.6M to Capital Improvement Project (CIP) to reflect the Board's decision to accelerate Zero Emission Busses (ZEB) purchases in FY22.

Action Taken

Mr. Sandke moved to forward a recommendation to the MTS Board of Directors to:

- 1. Allocate \$1.5M to Contingency Reserve balance to remain at 12.5% target
- 2. Transfer \$2.6M to CIP to reflect Boards decision to accelerate ZEB purchases in FY22

Ms. Salas seconded the motion, and the vote was 4 to 0 in favor.

5. Fiscal Year 2021 Budget Update (Mike Thompson)

Mike Thompson, Director of Financial Planning and Analysis, gave an overview of the FY21 Operating Budget. He stated the Operating Budget that was brought to the Board in April 2020 as a draft budget and did not include the impact of COVID-19. Mr. Thompson mentioned some of the impacts of COVID-19 include drastic revenue reduction of \$84M and \$18M of increase expenses. He also mentioned some of the uncertainties of the pandemic, such as ridership, the recession and sales tax receipts.

Mr. Thompson went over the Revenue Assumptions for Sales Tax Revenues. He mentioned the sales tax receipts are higher than anticipated, Calendar Year (CY) 20 - 3rd quarter is 0.5% higher than CY19 - 3rd quarter. He mentioned the sales tax effect the TDA and TransNet formula funding. While TDA's original MTS apportionment was \$104.3M, the revised COVID-19 budget dropped to \$86.8M, and the latest updated apportionment is \$91.9M. With TransNet, the original MTS apportionment was \$30.6M, the revised budget decreased to \$24.6M, and the new apportionment is \$25.0M. He mentioned another big change is the State Transit Assistance (STA) apportionments changing from the original apportionment of \$34.2M, decreasing with the revised budget to \$25.0M, and the new apportionment is \$22.4M.

Mr. Thompson went over the Passenger Fare Revenue. Based on the 6 months of real COVID-19 data, ridership and ridership revenue dropped 29% from the baseline in April, with ridership slowly increasing in May 2020 – August 2020 and staying within 42% - 43% of the baseline. Other operating revenues also being impacted include energy credits, advertising, real estate and other miscellaneous revenue. Pre-COVID-19 budgeted revenues were \$20.6M, with the new budget decreasing to \$18.2M. He explained that energy credits had a drastic decrease in March and April, but the credits came back up in May. Consolidated Revenues are projected to decreased as compared to the original approved budget by \$441,000, with Passenger Revenue decreasing by \$6.0M offset by increases in Other Operating Revenues and Subsidy revenues totaling \$2.6M and \$2.9M respectively. Total revenues for FY21 are projected at \$243.5M.

Mr. Thompson reviewed the FY21 Expense assumptions. He stated that service levels did have some additional expenses due to the pandemic, and additional car trains had to be added to the routes for social distancing. He also mentioned Paratransit is down about 50% lower than originally projected. He stated the personnel expense assumption includes a projected decrease of \$10.8M as wages are projected to be \$1.8M lower from the original budget primarily due to bus service hours and the reduced need for operator hours on the bus side, fringe benefits having a projected savings of \$8.0M on the SDTC pension plan contribution side, and healthcare projected at \$550K less. Outside services are estimated to decrease by \$9.8M, which includes decreases from Fixed Route services of \$3.5M, ADA Paratransit decreases of \$5.8M and Security costs decreases of \$470K. Mr. Thompson stated the energy budget is decreasing about \$0.9M. In total, expenses are projected to have \$21.0M, of savings compared to the original budget. Mr. Thompson stated that \$98.9M of CARES Act is being used between FY20 and FY21.

Mr. Thompson presented a 5-year projection for the Operating Budget. The updated operating revenue shows slower growth on the ridership recovery than originally projected, with other revenue coming up a bit faster. The projected structural deficit in FY21 is -\$81.0M, decreasing slightly to -\$42.4M in FY25. These deficits will be covered by funding from the CARES Act as long as that funding lasts, currently projected into FY24. Mr. Thompson went over the on-going concerns with the FY21 budget, with the top concern being COVID-19, recession recovery and rising costs.

Agenda Item No. 4

MEETING OF THE SAN DIEGO METROPOLITAN TRANSIT SYSTEM BUDGET DEVELOPMENT COMMITTEE

March 5, 2021

SUBJECT:

FISCAL YEAR 2021 OPERATING BUDGET MIDYEAR AMENDMENT (MIKE THOMPSON)

RECOMMENDATION:

That the San Diego Metropolitan Transit System (MTS) Budget Development Committee forward a recommendation to the Board of Directors to enact Resolution No. 21-1 (Attachment B) amending the fiscal year (FY) 2021 operating budget for MTS, San Diego Transit Corporation (SDTC), San Diego Trolley, Inc. (SDTI), MTS Contract Services, and the Coronado Ferry

Budget Impact

The action will amend the FY21 operating budget.

DISCUSSION:

Combined MTS FY21 Midyear Adjustments

Revenues:

In total, consolidated revenues are decreasing by \$19,849,000 (-5.7%).

Passenger Revenue. Passenger revenues were unfavorable to budget by \$1,052,000 over the first six months of the fiscal year. The original FY21 budget assumed passenger revenue starting at 34.6% of their baseline levels in July followed by consistent growth averaging 3.2% per month throughout the rest of the fiscal year. Actual passenger revenue has remained stagnant near 46.0% of baseline levels through the first six months of the fiscal year, averaging zero growth as a percentage of baseline so far. In October 2020, staff presented a reforecast of the FY21 operating budget to the Budget Development Committee (BDC). In this meeting, staff presented the current passenger revenue trend with revenue stagnating around 47% of baseline. Staff presented the BDC

with the option to either assume growth starting in the fourth quarter of FY21 or to assume passenger revenue remains at their current levels with zero assumed growth for the rest of the fiscal year. The consensus was to take a conservative approach and assume no growth for the rest of the fiscal year based on the uncertainty regarding vaccination timelines, future outbreaks, and the reopening of the economy. The same methodology was applied to develop the current forecast for passenger revenue included in the FY21 amended budget. Passenger revenue is projected to decrease by \$7,035,000 (-13.1%) from the original budget, primarily due to assuming zero growth as a percentage of baseline revenue for the remainder of the fiscal year.

Other Operating Revenue. Other operating revenue is projected to increase by \$2,828,000 (18.2%) versus the original FY21 budget. This is primarily due to favorable energy credit revenue as well as favorable rental income due to a re-calculation of the County rental payments for the Mills' building.

<u>Subsidy Revenue</u>. Subsidy revenue, in total, is projected to decrease by \$12,348,000 (-4.5%), primarily due to the fact that less federal Coronavirus Aid, Relief, and Economic Security (CARES) Act stimulus funding will be necessary to balance the FY21 amended budget than planned in the original budget.

Recurring federal revenues are expected to decrease by \$963,000 (-1.5%). MTS receives a variety of recurring federal revenues (FTA Sections 5307, 5337, 5339, 5311, etc.) for preventive maintenance, paratransit operations, rural operations, and capital projects. The original FY21 budget assumed \$59,000,000 in preventive maintenance funds in the operating budget; however the capital budget was balanced with \$58,000,000 being allocated to preventive maintenance. Thus, the preventive maintenance funds in the operating budget were reduced by approximately \$1,000,000 to reflect the final capital budget.

On March 27, 2020, the President signed the CARES Act, which provided \$25 billion to the transit industry nationwide. MTS is expected to receive \$220 million in CARES Act funding over multiple fiscal years to supplement lost revenues and increased expenses related to the pandemic. The original FY21 budget included \$101,626,000 in CARES Act funding based on the projected deficit. Based on projected increases to regional sales tax revenue and projected decreases to expenses, MTS is currently forecasting \$74,144,000 in CARES Act funding in the amended budget, a decrease of \$27,482,000 (-27.0%) from the original budget.

Transportation Development Act (TDA) revenue is increasing by \$10,449,000 (17.1%). TDA is one-quarter of a percent of the 7.75% sales tax in the region and is apportioned by the San Diego Association of Governments (SANDAG). TDA funds both the operating and capital budget. Regional sales tax receipts were much stronger than anticipated thus far in FY21, resulting in an 11.5% increase of overall TDA available to MTS versus the original budget. The share of TDA in the operating budget is increasing by \$10,469,000 (17.1%) and the capital share is remaining the same as in the original budget.

Transnet revenue is expected to increase by \$4,096,000 (10.9%). Transnet is a one-half cent local sales tax revenue distributed to MTS both on a formula basis as well as through direct reimbursement for Transnet funded services such as Bus Rapid Transit (BRT) operations and the upcoming Mid-Coast expansion. The overall formula share is expected to increase by \$3,728,000 (12.4%) versus the original budget due to stronger than anticipated regional sales tax receipts. Transnet provided as direct reimbursement for BRT services is expected to increase by \$369,000 (2.8%), based on projected increases in expenses for these services.

State Transit Assistance (STA) revenue is increasing by \$1,969,000 (151.5%) versus the original budget. STA is a state sales tax revenue derived from the sales tax on diesel fuel and apportioned by the state. STA is primarily used to fund the capital budget due to its volatile history; however, a portion is used to fund operations. The most recent Governor's proposed state budget included an estimate for STA that was higher than projected in the original budget. The capital budget was fully funded, and the excess STA revenue was programmed in the FY21 operating budget, resulting in a \$1,969,000 increase in STA for operations in the amended budget.

State revenue is expected to decrease by \$170,000 (-56.7%) due to decreasing Medi-Cal revenue. MTS receives reimbursement for a portion of Medi-Cal clients travelling to and from medical appointments. Due to the pandemic, demand for paratransit services has decreased significantly, resulting in less trips eligible for reimbursement.

Other local funds are decreasing by \$267,000 (-2.8%), primarily due to projected decreases in reimbursement from UCSD for operating the 201 and 202 shuttle routes. Reimbursement for these routes is based on student enrollment, and although enrollment numbers are high, MTS has provided less service due to less demand, which is expected to result in lower reimbursement for MTS once negotiations with UCSD are complete.

Reserves. For Hire Vehicle Administration (FHVA) and San Diego & Arizona Eastern (SD&AE) are self-funded entities who must balance their operating expenses with operating revenues or their contingency reserve revenue. FHVA is projected to use \$17,000 of its reserve to balance its total operating expenses. For SD&AE, operating revenues are projected to exceed operating expenses by \$20,000, which would result in a \$20,000 increase to its reserve. MTS also maintains an Insurance reserve to for its Self-Insured Retention (SIR) balance. Due to the high cost of liability insurance, the Board recently decided to increase the MTS SIR from \$2,000,000 to \$5,000,000, and as such, the amended budget reflects this one-time addition of \$3,000,000 to the Insurance reserve.

In total, consolidated revenues will decrease by \$19,849,000 (-5.7%).

Expenses:

Total consolidated operating expenses are projected to decrease by \$19,849,000 (-5.7%) from the original budget.

<u>Personnel</u>. Personnel-related expenses are decreasing by \$10,981,000 (-6.6%), primarily due to favorable bus and trolley operator wages, SDTC pension contribution costs, and Health and Welfare costs. The original budget assumed full service levels, inclusive of additional bus service to feed blue line trolley service. Although service levels were restored to their pre-pandemic levels in June 2020, they did not include the extra services originally planned for FY21, resulting in lower operator hours versus budget. Pension costs are decreasing by \$7,536,000, primarily due to reducing the budget for additional SDTC pension contributions from \$15,000,000 to \$7,800,000 based on a recent actuarial evaluation. Health and Welfare costs are decreasing by \$1,386,000, primarily due to premium increases being lower than anticipated.

Outside Services. Total outside services are projected to decrease by \$8,820,000 (-7.6%). This includes a projected decrease in purchased transportation expenses of \$11,071,000, primarily due to the drop in demand for ADA Paratransit services as a result of the pandemic and operating less fixed route service than originally planned. These decreases are partially offset by increased repair and maintenance costs for light rail vehicles resulting from a new contract and increased outside services costs resulting from funding items such as tie replacement and large facility repairs in the operating budget instead of the capital budget where they were funded in prior years.

Materials and Supplies. Staff projects materials and supplies expenses to increase by \$3,198,000 (23.7%) versus the original budget, primarily due to purchasing and installing driver protective germ barriers for the entire bus fleet.

<u>Energy</u>. Energy expenses are projected to decrease by \$1,545,000 (-4.5%), primarily due to lower propane, gasoline, diesel, and Compressed Natural Gas (CNG) consumption versus the original budget. The reduced consumption is attributed to the significant declines in demand for paratransit service as well as operating less fixed route service than originally planned. These decreases are partially offset by a projected increase in electricity expenses due to a four percent increase in projected consumption versus the original budget.

<u>Risk Management</u>. Risk management costs are increasing \$1,114,000 (19.3%), primarily due to an anticipated \$2 million settlement payout in FY21 within Administration. The increase is partially offset by decreases to projected claim payouts and legal costs within bus and trolley operations.

General and Administrative. General and administrative costs are projected to decrease by \$2,471,000 (-37.0%). This is primarily due to decreases in credit card fees, fare materials, and IT expenses for remote working. The original budget included \$600,000 for Information Technology (IT) related purchases for remote working; however, most of the increased costs were in outside services and the additional budget under general and administrative was not necessary.

<u>Debt Service</u>. Debt service costs are decreasing by \$369,000 (-43.4%), primarily due to removing budget for the MTS Tower debt service costs since it was fully paid off in the prior fiscal year.

<u>Vehicle/Facility Leases</u>. Vehicle/facility leases are expected to increase by \$26,000 (2.0%), primarily due to higher non-revenue vehicle lease costs within administration.

Net income:

The increase in revenues and expenses results in a balanced budget.

Metropolitan Transit System FY21 Operating Budget Amendment

MTS Board of Directors

Budget Development Committee

March 5, 2021

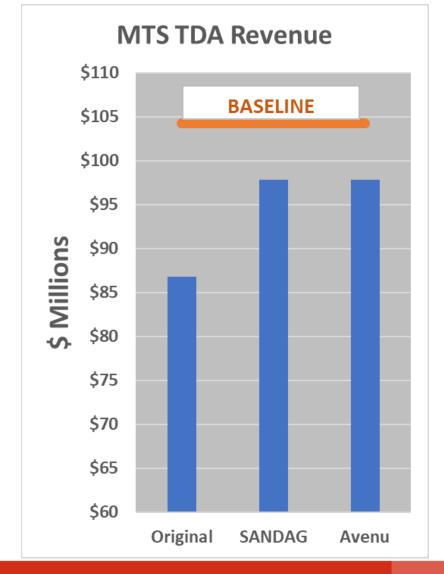

Fiscal Year 2021 Operating Budget Overview

- FY21 Operating Budget
 - Draft balanced budget was complete as the pandemic hit
 - At that time, balance between recurring revenues and expenses
 - Layered in some preliminary/high level pandemic assumptions
 - Drastic reductions to operating and subsidy revenues, \$84M in total (over 25%)
 - Minor changes to expenses, \$18M increase on top of the original draft budget
 - Significant structural deficit with recurring expenses exceeding recurring revenues
 - CARES Act revenues of \$101.6M used to balance the deficit
 - Until revenue streams return to the original FY21 baseline:
 - We will continue to have structural deficits
 - CARES Act can balance the deficits as long as it lasts
 - Can compare to the baseline by revenue source to gauge progress
 - When stimulus funding is exhausted, MTS will have to right size expense levels to match the recurring revenue streams

Fiscal Year 2021 Operating Budget Revenue Assumptions - Sales Tax Revenues

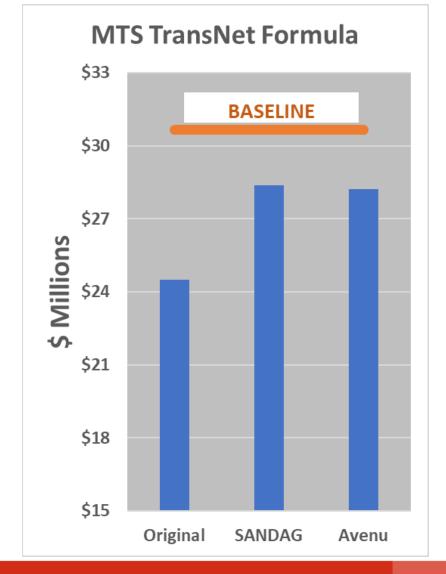

- Transportation Development Act (TDA) funding
 - Baseline MTS apportionment (February 2020): \$104.3M
 - Used for both Capital and Operating budgets
 - Budget revised down to: \$87.3M
 - Updated forecast: \$97.8M, increase of \$11.0M
 - This amount is based on SANDAG's updated December forecast
 - Healthy TDA reserve at the county level to supplement actual cash receipts
 - Avenu (SANDAG consultant) February forecast: \$98.0M

Fiscal Year 2021 Operating Budget Revenue Assumptions - Sales Tax Revenues

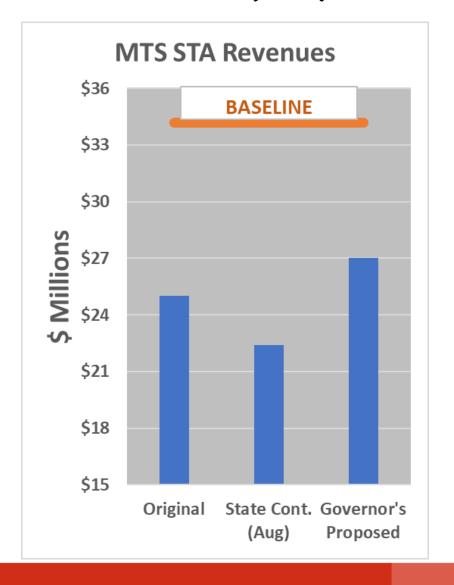

- TransNet formula funding
 - Baseline MTS apportionment (February 2020): \$30.6M
 - Operating Budget only
 - Budget revised down to: \$24.6M
 - Updated forecast: \$28.4M, increase of \$3.7M
 - This amount is based on SANDAG's updated December forecast
 - Avenu (SANDAG consultant) February forecast: \$28.2M

Fiscal Year 2021 Operating Budget Revenue Assumptions - State Transit Assistance (STA)

- State Transit Assistance (STA)
 - Baseline MTS apportionment from the state (January 2020): \$34.2M
 - Two formula based distributions, STA and State of Good Repair
 - Funding included in both Capital and Operating Budgets
 - Budget revised down to: \$25.0M
 - August update from State Controllers Office even lower at \$22.4M
 - Current forecast: \$27.0M, increase of \$2.0M
 - Based on first draft of the Governor's proposed budget amendment
 - The actual amount will be determined by the State budget May revise

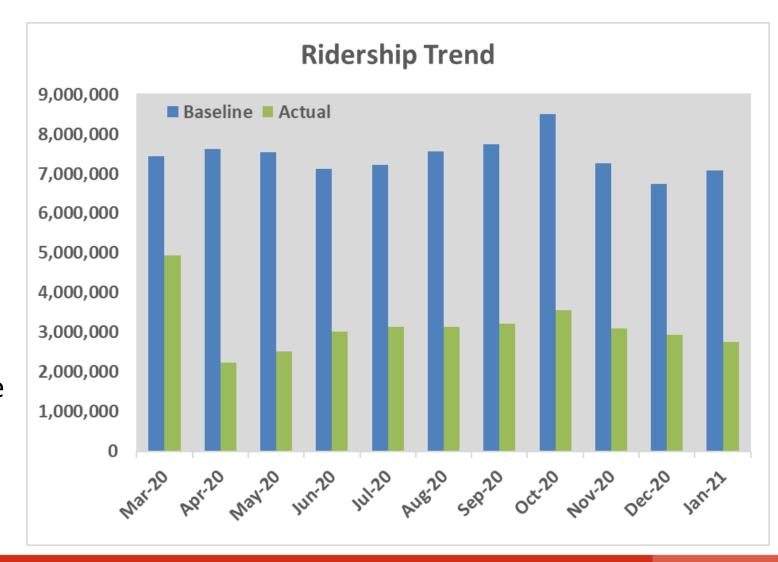

Fiscal Year 2021 Operating Budget Revenue Assumptions - Passenger Levels

Ridership trend

- Comparing to pre-pandemic baseline
 - Since June, averaging 42% of baseline
 - Low of 38.9% in January
 - High of 43.6% in December
- No dramatic recovery at this point
- Stagnating around the "new normal" of 42-43% of baseline
- Expect that trend to continue through June 2021

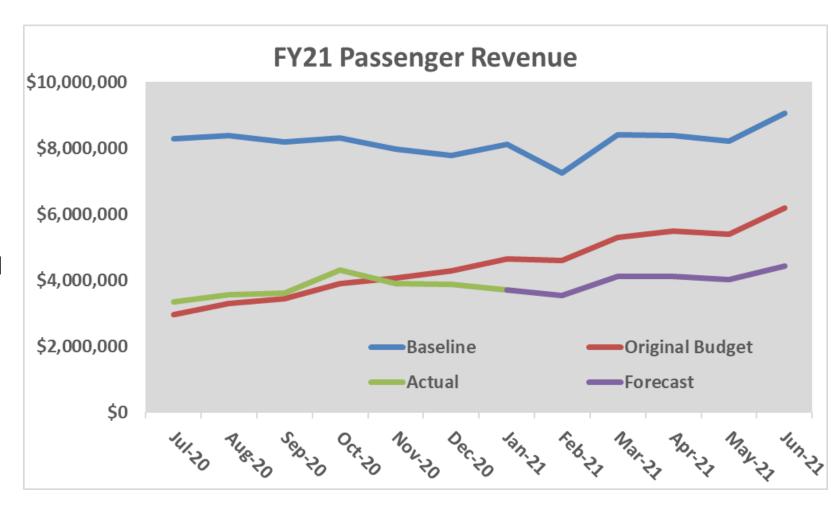

Fiscal Year 2021 Operating Budget Revenue Assumptions - Passenger Fare Revenue

• Fare revenue forecasts

- Original budget assumed gradual recovery through the year
- Like ridership, leveling off around the new normal
 - For Feb June projecting to continue this same level
- Results in \$46.6M in fare revenue
 - 47% of baseline
 - \$7.0M reduction from the Original Budget

Fiscal Year 2021 Operating Budget Revenue Assumptions - Other Operating Revenues

Other operating revenues

- Variety of miscellaneous revenue sources
- Approved budget included \$5.0M reduction from baseline due to COVID-19
- Current forecast only \$2.2M
 lower than baseline
- Positive updates:
 - Energy credit price rebounds
 - Rental income from County for Mills Building

Fiscal Year 2022 Stimulus Funding

- CARES Act balance of \$128M going into FY22
- American Rescue Plan (ARP) Act of 2021
 - Not final but expecting formula based apportionment
 - CARES+ARP cap of 132% of FY18 Operating Expenses
 - Estimated \$129M for MTS
- Current plan is to keep service levels stable
 - Significant revenue gaps from pre-pandemic baselines
 - Result in large operating deficits until recurring revenue recovery
 - Balance the operating deficits with CARES/ARP for as long as possible
 - At current recurring revenue levels, could stabilize the operating budget into FY24-25
- Option to draw CARES/ARP funding more rapidly
 - Hold excess local funds in a reserve for deficits in future years?
 - Use in CIP?
