2024 TAXICAB MAXIMUM RATES OF FARE

Per MTS Board Policy No. 34 (For-Hire Vehicle Services), a Public Hearing is required to present the Taxicab Maximum Rates of Fare.

The annual change in the All Urban Western Transportation Consumer Price Index (CPI) for the San Diego region is the sole calculation method to determine the maximum rates for both city and airport originated trips. Taxicabs equipped with Point of Sale (POS) devices electronically connected to the Taximeter and printed or electronically conveyed receipt capabilities may charge 6% more than the maximum rates of Fare for Taxicabs without such devices.

Below is the 2023 v. 2024 maximum Rates of Fare Comparison:
