CONFIRMED BY THE GENERAL COUNSEL: 

MTS ACCESSIBLE SERVICES ADVISORY COMMITTEE
MEETING NOTICE AND AGENDA

SRTP 880.1
(PC 50850)

Thursday, December 12, 2013
1:30 p.m. – 3:00 p.m.

James R. Mills Building
Board Meeting Room, 10th Floor
1255 Imperial Avenue, San Diego CA 92101

MINUTES

1. Call to Order and Roll Call

Chairwoman Lorie Bragg called the meeting to order at 1:30 p.m. A roll call sheet listing the committee members in attendance is included (see Attachment A).

2. Approval of September 12, 2013 Meeting Minutes

It was moved and seconded to approve the September 12, 2013 meeting minutes.

3. Public Comment

There were no public comments.

4. Member Comment

Mr. Ruben Ceballos mentioned that he was detained downstairs by building security because his bag could not be removed from his mobility device. Mr. Ceballos also noted that he had received a letter from North County Transit District (NCTD) regarding a travel training program, and asked if the ASAC committee could look into providing a similar service. Mr. Dan McCaslin stated that he would provide a contact to prevent any additional security incidents, and that MTS had looked into travel training in the past, and that the Regional Center also provides some travel training to its clients. MTS may look into receiving grant funding for travel training in the future, and it is an option as part of the new contract with ADARide.

5. ADA Paratransit Reports

MTS Access - Mr. John Lewis presented the MTS Access reports for September, October, and November 2013 (see Attachment B).

ADARide - Mr. Art Hulscher presented the ADARide certification reports for September, October, and November 2013 (see Attachment C).

6. Fixed-Route Reports

MTS Bus - Ms. Belinda Fragger presented the MTS Bus Ramp Deployment Report for September, October, and November 2013 (see Attachment D).

MTS Contract Services (Veolia Transportation) - Mr. Bill Lewis introduced himself as the new project manager for Veolia Transportation, and presented the MTS Contract Services Ramp Deployment Report for September, October, and November 2013 (see Attachment E).

San Diego Trolley, Inc. – Ms. Lisa Madsen presented the San Diego Trolley Lift Deployment Report for the months of September, October, and November 2013 (see Attachment F).

7. 2014 ASAC Meeting Calendar

It was moved and seconded to approve the 2014 ASAC Calendar.

8. Update on Mobile Data Terminal Project for MTS Access Fleet

Ms. Lisa Madsen provided an update on the Mobile Data Terminal (MDT) project for the MTS Access fleet. MTS was awarded a New Freedom grant to fund the project. The project will provide GPS technology that will allow vehicles to be located via electronic map, can provide turn-by-turn directions to drivers, will provide an accurate location if the need for emergency response becomes necessary, and may reduce travel times. Chairwoman Bragg asked if the cost of MTS' Verizon Wireless contract would increase. Ms. Madsen responded that the costs would increase to \$14.99 per tablet per month, but that the data cost could decrease depending on actual data usage. Mr. Art Hulscher asked if drivers would be trained to use the new technology. Mr. John Lewis replied that training would be a big part of the project's implementation. Mr. Ruben Ceballos noted that as a paratransit rider, this was a welcomed change. Mr. Hulscher asked if the DriverMate software had been used before. Mr. Lewis replied that other First Transit properties use the software.

9. MTS Accessibility Video produced by Accessible San Diego

Ms. Lisa Madsen presented a video that MTS had produced with Accessible San Diego to illustrate new accessibility features on MTS' buses and Trolleys. Chairwoman Bragg asked how the video was being distributed so that it could be viewed. Ms. Madsen noted that the video is currently on the Vimeo website, and would also be added to the MTS website. Mr. Rob Schupp noted that the video was not scripted.

10. Customer Satisfaction Survey Results

Mr. Rob Schupp presented the results of a Customer Satisfaction Survey. The project began in 2011, and will be repeated in 2015 when the Blue Line construction has been completed, the low floor Trolleys have been delivered, new buses will be in service, and BRT has been implemented. The survey is on the MTS website. 1,386 riders were interviewed throughout the MTS service area. Overall service satisfaction was very high.

Mr. Schupp noted that only 72% of SDM passengers felt that there was enough room onboard for wheelchairs. Chairwoman Bragg noted that the Committee should look at options to make the disabled seating areas more accommodating to SDM riders.

11. Update on 2014 Service Change Proposals and Public Hearing

Mr. Oswaldo Meneses provided an update on proposed service changes. Rapid service is scheduled to begin in the next year. The service will feature new vehicles with unique branding, more frequent service, and new transit centers and stations. Many bus routes will change as a result of the implementation of rapid service. Information related to the proposed changes is available on the MTS website. Two areas that will be affected by the changes will be Hillcrest/University Heights and the I-15 corridor. Rapid Route A will begin at Escondido Transit Center and travel to Downtown San Diego. Rapid Route B will run from Rancho Bernardo to UCSD. Rapid Route C will begin at San Diego State University, and travel down Park Boulevard to Downtown San Diego.

Routes 20, 844, and 845 will have service changes due to the I-15 BRT. Route 20 will end in Rancho Bernardo, and will have 15 minute service added in from Downtown to Fashion Valley. Route 844 will be restructured. Route 845 will have schedule adjustments. Route 964 will also be restructured. Route 921 would end at UTC, and may have some routing changes. Route 810 will be restructured as Route PX1. Routes 820, 850, and 860 will be replaced by Route PX2, which will serve Rancho Bernardo and Sabre Springs. Route 950 would become a permanent route. The service is expected to start in 2014. Mr. Ruben Ceballos asked if this information would be on the MTS website. Mr. Meneses replied, that yes, all of the proposed service changes were on the website. Chairwoman Bragg asked when the service changes would be decided by the MTS Board. Mr. Meneses noted that it would be decided at the January board meeting.

12.

Adjourn

Chairwoman Bragg adjourned the meeting at 3:30 p.m.
