

Additional Jack and Bore Construction Notes within NCTD Operations

General

1. At no time shall any Contractor be permitted to cross any track without the permission from the railroad flagman.
2. It shall be the Contractor's responsibility to contact Underground Service Alert prior to the commencement of construction. At the same time, the Contractor shall notify MTS and NCTD for railroad signal mark outs.
3. The Contractor shall construct a temporary fence along the railroad right-of-way, or along the edge of pits closest to the track, extending 50 feet in both directions from the pit.
4. Deposited funds to either MTS or NCTD shall not be released until as-built drawings and any other documentation required as a part of the Jack and Bore Notes has been submitted, and both railroad agencies have inspected the construction site and given the appropriate approvals.
