

Protect Every DropSM

Clean Water Activity Book

Seek & Find

Can you find the items listed below? When you're finished, color in the rest of the image!

Find and circle items on this list that belong in this habitat:

- | | | | |
|------------|---------|------------|----------------|
| Dragon Fly | Ladybug | Fish | Praying Mantis |
| Turtle | Frog | Bumble Bee | Cattail |

Find and X out the following items that do not belong in this waterbody:

- | | | | |
|-------|----------------|----------------------|----------------|
| Tire | Plastic Bottle | Plastic Bag | Cigarette Butt |
| Chair | Aluminum Can | Plastic 6-Pack Rings | |

WATERWAY MAZE

Can you help the water find its path? Complete the maze to get the water from the sprinkler to the waterbody and from the house to the water treatment facility.

Find the Difference

Follow the path of the stormwater and see what you find along the way!

The images on the left and right are not the same, can you spot the TWELVE differences between the two?

Good Behavior

Can you identify the correct water-conscious behaviors? Compare the images below. Circle the correct behaviors and X out the incorrect behaviors. When you're done, color in the backgrounds of the correct behaviors!

Trash thrown into a trash can.

OR

Trash thrown onto the ground.

Pet waste left on the ground.

OR

Pet waste bagged up and thrown away.

Loose items flying out of truck.

OR

Items in truck properly covered with a tarp and secured.

Clean, fully inflated tires.

OR

Dirty, flat, or damaged tires.

Word Search

Can you find the words listed below?

Word List

- CALTRANS
- DRAINS
- HIGHWAYS
- LAKE
- LITTER
- OCEAN
- POLLUTION
- PROTECT
- RIVER
- RUNOFF
- STORMWATER
- VEHICLE
- WATERBODIES
- WATERSHED

Word Scramble

Can you unscramble the words below? Hint: these words can be found throughout this activity book!

- | | |
|---|--|
| tiesecsidP 1 4 6 _____ | rmvneinEtno 8 9 11 _____ |
| esraWehtd _____ 2 _____ 13 | Rufnof _____ 3 _____ |
| onluotIPi 16 _____ 7 _____ | Hgwaisyh _____ 12 _____ |
| ywesraWat _____ 10 14 _____ | aotemSrtwr _____ 15 _____ 5 _____ |

Using the underlined and numbered letters found in the activity above, can you discover the hidden message?

- 1 2 3 4 5 6 7 8 9 10 11 12 13 14 15 16

Do you like to swim? Do you like to fish? Do you enjoy the ocean?

Clean Water starts with Clean Highways!

We all live in a watershed. And, all living things need clean water. That's why we need to keep stormwater runoff clean. Rain falls onto our highways and roadways and flows into storm drains and it eventually flows out of the storm drains into waterways.

During its journey, water picks up lots of pollution along the way. By keeping our highways clean, we can help keep our water clean.

New Words

Watershed

An outlined area of land that leads water to flow to a waterbody like: stream, rivers, lake, or ocean.

Stormwater

Rain or water runoff that falls to the ground, flows across the ground and ends up in the storm drain systems.

You can do your part to keep our water clean by:

Always putting trash in the garbage can

Helping keep the vehicle clean inside and out

Letting your parents know if you see the vehicle leaking on the driveway and ask them to fix it

Pollution

Things that are bad for the environment like car fluids, dirt, trash, cigarettes and bug killers called pesticides.

Runoff

Water that flows into storm drains and waterbodies and can pick up pollution along the way.

Questions

What are some ways you can help keep water clean?

What are some things you can do to help stop pollution?

What can you encourage your parents to do to keep water clean?
