DRAFT MINUTES

A. ROLL CALL

Chairman Mathis called the Executive Committee meeting to order at 9:02 a.m. A roll call sheet listing Executive Committee member attendance is attached.

B. APPROVAL OF MINUTES

Mr. Roberts moved for approval of the minutes of the February 9, 2012, MTS Executive Committee meeting. Mr. Ovrom seconded the motion, and the vote was 4 to 0 in favor.

C. COMMITTEE DISCUSSION ITEMS

1. Trolley Rehabilitation Project Update

John Haggerty of the San Diego Association of Governments (SANDAG) gave the Executive Committee an update on the Trolley Rehabilitation Project. He provided an update of the station construction schedule for the Blue and Orange Line Improvement Corridor. He covered the schedule of milestone segments within the Blue & Orange Line Improvement Corridor. He talked about the project status in terms of design and construction and stated that the Blue Line contact wire replacement is complete. Mr. Haggerty also talked about the construction work in progress and the percentage of completion for each project. He then explained the phases of construction for the Green Line Extension Stations. He provided photographs of the America Plaza Station and the C Street Double Crossover improvements that were completed at the end of February.

Mr. Haggerty gave an update on the Blue Line Crossovers and Signaling Project. He provided pictures of the work being done near the 8<sup>th</sup> Street Station and near Main Street.

Mr. Haggerty then gave the Committee an update on the Orange Line Stations. He showed pictures of the platform improvements in progress at the 47<sup>th</sup> Street Station, Encanto/62<sup>nd</sup> Street Station, and the Massachusetts Station. He also showed pictures of the trenching work in progress at the Lemon Grove Station and the track replacement work taking place at the 32<sup>nd</sup> & Commercial Station and the Euclid Avenue Station.

Mr. Haggerty also briefly updated the Committee on the Light Rail Vehicle Procurement status stating that 19 vehicles have been delivered thus far with 10 vehicles in production at the plant.

The Committee members discussed the possibility of purchasing additional cars under the Utah contract to capture savings, which would only be feasible if the Federal Transit

Administration (FTA) granted a Letter of No Prejudice for the Balboa segment of the Mid-Coast project.

Action Taken

Mr. Young moved to receive a report for information. Mr. Roberts seconded the motion, and the vote was 5 to 0 in favor.

2. Report on System Ridership and Revenue

Mark Thomsen, Senior Transportation Planner, gave the Committee a report on system ridership and revenue. He explained that the fiscal year 2012 projected ridership revenue is approximately \$89.7 million with a farebox recovery ratio of 41.8%. He then discussed ridership statistics based on a triennial survey conducted by SANDAG. He stated the following statistical information; the majority of MTS riders are male, between 19-49 years old, 71% are transit-dependent, and 80% are low-income minorities-mainly Hispanic.

Mr. Thomsen discussed the fare revenue generation based on ridership. He gave a brief overview of the types of fares and types of fare boardings with the majority of boarding passengers holding Senior/Disabled/Medicare (SDM) passes. He then discussed the fare-revenue-by-fare-component figures and the percent of boardings by fare revenue shares and explained that passes generate 85% of system boardings and 77% of fare revenue (83% with TransNet). He explained further that the average fare revenue for cash boardings is \$1.909 per passenger, \$0.993 for pass holders, and the overall system revenue is \$1.029 per passenger boarding.

Mr. Thomsen then talked about the SDM fare-boarding rates compared to peer properties in California based on statistics from fiscal year 2009 with MTS having the highest rate of SDM boardings at 31.3% and the lowest price for SDM holders at \$18 a month (Orange County Transit Authority also has a monthly rate of \$18). He then stated that a disproportionate portion of operating revenue is from non-SDM riders with SDM pass holders representing 30% of trips but generating only 9% of fare revenue.

Sharon Cooney, Chief of Staff, provided the Committee an overview of the SDM pass process, and there was discussion regarding additional avenues for verifying disabilities. Mr. Young directed staff to research legal liabilities associated with contracting with a physician to verify disabilities of SDM applicants. He also directed staff to add comparisons to the previous triennial survey regarding ridership and revenue when presenting the information to the Board of Directors next week.

Action Taken

Mr. Ovrom moved to receive a report for information. Mr. Young seconded the motion, and the vote was 5 to 0 in favor.

## Agenda Item No. C2

### MEETING OF THE METROPOLITAN TRANSIT SYSTEM EXECUTIVE COMMITTEE

April 12, 2012

#### SUBJECT:

AIRPORT TAXICAB TRIP FEE (KAREN LANDERS)

#### RECOMMENDATION:

Action would forward a recommendation to the Board of Directors to hold a public hearing to amend MTS Ordinance No. 11 (Attachment A) and Board Policy No. 34 (Attachment B) to authorize collection of an amount equal to the Airport Trip Fee in addition to the standard rate of fare authorized for San Diego International Airport (Airport) taxicab trips.

#### Budget Impact

None.

#### DISCUSSION:

Starting in 2010, taxicabs operating at the San Diego International Airport have been required to pay an additional "Airport Trip Fee" to the San Diego County Regional Airport Authority ("SDCRAA") for all trips originating at the airport. The Airport Trip Fee has varied between \$0.50 and \$1.00. It could reach as high as \$4.00. Currently, airport taxicab operators are only allowed to collect from customers a standard rate of fare based on mileage and time. The rate of fare is set by MTS Ordinance No. 11 and Board Policy No. 34. Charges not authorized by these MTS regulations cannot be charged to passengers.

Since imposition of the Airport Trip Fee, the taxicab industry has petitioned the SDCRAA and MTS for the ability to recoup the costs associated with the fee by charging additional amounts to passengers. The SDCRAA has formally asked MTS to authorize collection of an amount equal to the Airport Trip Fee in addition to the standard rate of fare authorized for Airport taxicab trips. (See Letter from SDCRAA Board Chair dated March 7, 2012 – Attachment C.)

1255 Imperial Avenue, Suite 1000, San Diego, CA 92101-7490 • (619) 231-1466 • [www.sdmts.com](http://www.sdmts.com)

Metropolitan Transit System (MTS) is a California public agency comprised of San Diego Transit Corp., San Diego Trolley, Inc., San Diego and Arizona Eastern Railway Company (nonprofit public benefit corporations), and San Diego Vintage Trolley, Inc., a 501(c)(3) nonprofit corporation, in cooperation with Chula Vista Transit. MTS is the taxicab administrator for seven cities. MTS member agencies include the cities of Chula Vista, Coronado, El Cajon, Imperial Beach, La Mesa, Lemon Grove, National City, Poway, San Diego, Santee, and the County of San Diego.

The additional charge would be authorized by programming an "extra" button on applicable taxicabs, set at the Airport Trip Fee amount paid by that individual taxicab. Use of the "extra" button by airport taxicab operators would allow those operators to recoup some of the additional costs associated with taxicab operations at the Airport. Programming of an extra button and charging such additional amounts would be at the option of airport taxicab operators. It would not be mandatory.

#### MTS as Taxicab Administrator

MTS carries out the responsibilities of Taxicab Administrator for the cities of San Diego (since 1988), El Cajon (since 1990), Poway (since 1991), Lemon Grove (since 1990), La Mesa (since 1999), Imperial Beach (since 1990), and Santee (since 1990). Each city has delegated to MTS its authority to regulate the operation of taxicabs and other vehicles for hire through a separate agreement between MTS and the city. This authority includes the collection and administration of all fees, fines, and forfeitures related to taxicabs. Each of the agreements cites MTS Ordinance No. 11, "An Ordinance Providing for the Licensing and Regulating of Transportation Services within the City," as the basis for MTS's authority and responsibilities (Attachment A). All agreements expire in June 2013.

SDCRAA regulates, permits, and collects fees for taxicabs operating at the airport. However, MTS carries out inspections for those vehicles and, to work at the airport, the taxicab must have both an SDCRAA permit and an MTS/City of San Diego medallion.

#### History of the Airport Trip Fee

On January 7, 2010, the Board of Directors for SDCRAA adopted a Comprehensive Ground Transportation Management Plan (the Plan). The Plan identified various users of ground-transportation facilities at the Airport and identified sources of revenue from these users that would be used to fund the capital, operational, and maintenance costs of the Airport.

The Plan called for the imposition of trip fees on taxicab operators leaving the Airport. Effective July 1, 2011, the Airport Trip Fee is \$1.00. The fee is based on SDCRAA cost-recovery calculations related to SDCRAA's costs of constructing, managing, regulating, and maintaining the commercial ground transportation operations and improvements used by and for the benefit of commercial taxicabs at the Airport. SDCRAA determines the amount of the fee and has the authority to issue increases or decreases in the fee. (An SDCRAA PowerPoint presentation about the Airport Trip Fee program is available for review per request.)

SDCRAA maintains that the Airport Trip Fee is an exempt user, service, privilege, regulatory, and benefit fee charging those conducting and operating commercial taxicab businesses on proprietary Airport property of the SDCRAA and is therefore expressly exempt from the provisions of Article XIII C, Section 1(e)(1), (2), (3) and (4) of the California Constitution ("Proposition 26"). Because the scope of Proposition 26 is untested in California courts, MTS and the SDCRAA are on notice of potential challenges to the SDCRAA's right to impose the Airport Trip Fee. SDCRAA acknowledges that neither MTS nor any of its member agencies had or has any role in the adoption, monitoring, or collection of the Airport Trip Fee. Neither MTS nor its member agencies receive any funds from the Airport Trip Fee. On this basis, SDCRAA has agreed to indemnify MTS and its member agencies from any legal action challenging the Airport Trip Fee or the action being requested of the Board (authorizing an "extra" button that

would allow airport taxicab operators to charge an amount equivalent to the Airport Trip Fee on trips originating at the Airport). (See Indemnification Agreement – Attachment D.)

#### Requested Action

Amend Ordinance No. 11 and Board Policy No. 34 to permit the programming of an “extra” button in an amount equivalent to the applicable Airport Trip Fee.

The proposed amendments are outlined as follows:

- Ordinance No. 11, Section 2.2(b): (new language shown in underline; see also Attachment A):

Taxicab trips from Lindberg Field International Airport shall be at a uniform rate. Rates for trips originating at the Airport may include an extra charge equal to the Airport Trip Fee assessed against the individual taxicab operator by the San Diego County Regional Airport Authority. The extra may not be charged on any trip that does not originate at the Airport or on any trip where the taxicab operator does not pay the fee to the San Diego County Regional Airport Authority. The extra charge may only be charged to the customer by utilizing the extra button on the taxicab meter. A driver may not verbally request payment. All taxicabs utilizing the Airport Trip Fee extra button must have a decal approved by the General Manager and the County of San Diego Office of Weights and Measures. The decal shall identify and accurately describe the extra charge consistent with regulatory requirements.

- Board Policy No. 34, Section 34.5.1: (new language shown in underline; see also Attachment B):

34.5.1 The uniform rates of fare for taxicab trips from Lindbergh Field Airport are initially established at \$1.40 flag drop, \$1.50 per mile, and \$12.00 per hour, effective June 1, 1990.<sup>1</sup>

The airport rates shall be reviewed annually, beginning in January 2009, by the Chief Executive Officer. Airport rates shall be adjusted based on the 1990 amounts, in accordance with the change in the Annual All Urban Western Transportation Consumer Price Index/San Diego. Adjustments shall be rounded up or down, as appropriate, to the nearest even \$0.10 increment.

In addition to the airport uniform rate of fare, a taxicab operator may charge an “extra” equal to the Airport Trip Fee assessed against the individual taxicab operator by the San Diego County Regional Airport Authority. The extra may not be charged on any trip that does not originate at the airport or on any trip where the taxicab operator does not pay the fee to the San Diego County Regional Airport Authority. The extra charge may only be charged to the customer by utilizing the extra button on the taxicab meter. A driver may not verbally request payment.

---

<sup>1</sup> The airport rates of fare for the period beginning April 11, 2012, are: \$2.80 flag drop; \$3.00 permit; \$24.00 per hour waiting time.

### Taxicab Advisory Committee Review

At its meeting on March 16, 2012, the Taxicab Advisory Committee reviewed the proposal set forth above and voted to recommend that the MTS Board grant the SDCRAA's request that MTS, through amendments to Ordinance No. 11, or other required action, authorize collection of an amount equal to the Airport Trip Fee in addition to the standard rate of fare authorized for Airport taxicab trips. The Taxicab Advisory Committee's motion also included a recommendation that the Board be provided with documentation from SDCRAA that justifies the implementation of the Airport Trip Fee; and a request that the MTS General Counsel provide a legal opinion concerning the liability of taxicab owners and drivers under Proposition 26.

The SDCRAA has provided a PowerPoint presentation regarding its Airport Trip Fee, which can be reviewed by the Board or the public upon request.

In the event that the MTS Board wants to grant the Taxicab Advisory Committee's request that a legal opinion be prepared concerning individual taxicab owner and driver liability for using the extra button, MTS General Counsel recommends that outside counsel be hired and paid for from Taxicab Administration funds for such purpose.

The following guidelines are to be used in granting permission for a permit holder to take longer than sixty (60) days in placing a replacement vehicle in service.

(1) The permit holder must submit a written request for an extension of time, stating the specific reason(s) additional time is required and identifying a plan and timetable for placing the replacement vehicle in service. Written documents sufficient to substantiate the factual information contained in the request should also be submitted.

(2) The plan and timetable submitted must reflect a reasonable approach for placing the vehicle in service within the shortest possible time frame.

(3) An additional period of time, not to exceed sixty (60) calendar days, may be granted to a permit holder in case of severe personal illness or other similar hardship.

(4) An additional period of time, not to exceed thirty (30) calendar days, may be granted to a permit holder in case of extensive vehicle repairs or other similar reasons.

(5) No extensions will be granted to any permit holder who is unable to meet the basic operational costs, including liability insurance, regulatory fees, and normal maintenance and repairs of operating a for-hire vehicle.

(6) No more than one (1) extension will be granted for each vehicle in a single twelve (12) month period.

(c) The General Manager shall, as a matter of owner right, allow the replacement of a vehicle which is destroyed, rendered inoperative, sold or transferred, provided that the permit holder has complied with, and the for-hire vehicle is in conformance with, all applicable provisions of this Ordinance. An owner must remove the markings from the vehicle that indicate it is a taxicab or LSV before the owner disposes of it.

(d) When a permit holder retires any for-hire vehicle or vehicles from service and does not replace them within sixty (60) days, the permit for each such retired for-hire vehicle shall be considered abandoned and will be void. The permit holder shall immediately surrender each related medallion to the General Manager. Such abandoned permits may not be restored by any means other than through application for new permits in the manner provided in this Ordinance.

#### Section 1.12 - Driver's Identification Cards

(a) No person shall drive or operate any for-hire vehicle under the authority of a permit granted under this Ordinance unless such person has and displays a valid driver's identification card obtained annually through the Sheriff of the County of San Diego.

(b) No permit holder shall employ as a for-hire vehicle driver or operator any person who has not obtained a for-hire vehicle driver's identification card through the Sheriff of the County of San Diego.

(c) No permit holder shall employ as a driver or operator any person whose privilege to operate a for-hire vehicle within the City has expired, or has been revoked, denied or suspended or prohibited.

(d) A driver may drive for more than one permit holder. The driver must, however, have on file with and accepted by the Sheriff of the County of San Diego, a separate application on forms provided by the Sheriff, for each permit holder with whom he has a current driving agreement. A driver may have on file with the Sheriff a maximum of four (4) such applications at any one time. It shall be unlawful for a driver to accept or solicit passengers for hire in the City while operating the taxicab or LSV of any permit holder for whom the driver does not have such an application on file with the Sheriff.

(e) No person shall drive or operate any for-hire vehicle, except nonemergency medical, under the authority of a permit granted under this Ordinance unless such person has successfully completed an MTDB-approved driver training course concerning driver courtesy and professionalism and a corresponding qualification examination.

(f) No person who has received a notice of prohibition pursuant to Section 1.14, or whose privilege to operate a for-hire vehicle within the City has expired, or has been suspended, revoked or denied by the Sheriff or the General Manager shall drive or operate a for-hire vehicle within the City.

(g) No for-hire vehicle driver's identification card shall be issued or renewed to any of the following persons:

(1) Any person under the age of twenty-one (21) years.

(2) Any person who has been convicted of a felony involving a crime of force or violence against any person, or the theft of property, unless five (5) years have elapsed since his or her discharge from a penal institution or satisfactory completion of probation for such conviction during which period of time his or her record is good.

(3) Any person who, within the five (5) years immediately preceding the processing of the application, has been convicted of or held by any final administrative determination to have been in violation of any statute, ordinance, or regulation reasonably and rationally related to the for-hire vehicle industry or any similar business operation which would have authorized the suspension or revocation of the driver's identification card in accordance with Section 1.14 of this Ordinance.

(4) Any person who is required to register as a sex offender pursuant to the California Penal Code.

(5) Any person who has provided false information of a material fact in their application within the past five (5) years.

(6) No person shall obtain or renew a driver's identification card unless such person has successfully completed a personal safety training course approved by the General Manager.

(h) The Sheriff is authorized to issue temporary for-hire vehicle driver identification cards pending the approval or denial of an application for a regular for-hire vehicle driver identification card. No temporary for-hire vehicle driver identification card shall be issued without the satisfactory completion of a local law enforcement agency record check of the applicant. Any temporary identification card so issued shall be valid for a period not to exceed ninety (90) days or until the date of approval or denial of the application for a regular for-hire vehicle driver identification card, whichever shall occur first. The issuance of a temporary identification card hereunder shall not authorize the operation of a for-hire vehicle following the denial of the application while pending the resolution of any appeal otherwise provided for in Section 1.16 of this Ordinance.

(1) The Sheriff or the General Manager shall establish nonrefundable filing fees to defray the costs of processing regular and temporary driver identification cards.

#### Section 1.13 - Suspension and Revocation of Permit

(a) Permits may be suspended or revoked by the General Manager at any time in case:

(1) The General Manager finds the permit holder's past record to be unsatisfactory with respect to satisfying the provisions of this Ordinance.

(2) The permit holder fails to comply with the applicable provisions of this Ordinance.

(3) The drivers of the for-hire vehicle or vehicles fail to act in accordance with those provisions of this Ordinance which govern driver actions. The permit holder shall have strict liability in this regard; however, this provision shall not restrict the General Manager's ability to penalize a driver for violations of those provisions of this Ordinance which govern driver actions.

(4) The owner shall cease to operate any for-hire vehicle for a period of sixty (60) consecutive days without having obtained written permission for cessation of such operation from the General Manager. It is the intent of this section that the General Manager, in granting such permission, gives due consideration to the operating situation of the permit holder on a case-by-case basis.

The following guidelines are to be used in granting permission for a permit holder to cease operating a for-hire vehicle for a period longer than sixty (60) days.

(a) The permit holder must submit a written request for an extension of time, stating the specific reason(s) additional time is required and identifying a plan and timetable for placing the vehicle back in service. Written documents sufficient to substantiate the factual information contained in the request should also be submitted.

(b) The plan and timetable submitted must reflect a reasonable approach for placing the vehicle back in service within the shortest possible time frame.

(c) An additional period of time, not to exceed sixty (60) calendar days, may be granted to a permit holder in case of severe personal illness or other similar hardship.

(d) An additional period of time, not to exceed thirty (30) calendar days, may be granted to a permit holder in case of extensive vehicle repairs or other similar reasons.

(e) No extension will be granted to any permit holder who is unable to meet the basic operational costs including liability insurance, regulatory fees, and normal maintenance and repairs of operating a for-hire vehicle.

(f) No more than one (1) extension in time will be granted for each vehicle permit in a single twelve (12) month period.

(5) The for-hire vehicle or vehicles, if operated as other than a taxicab, are operated at a rate of fare other than those fares on file with the General Manager.

(6) The for-hire vehicle or vehicles, if operated as a taxicab or LSV, are operated at a rate of fare greater than those fares on file with the General Manager or posted on the taxicab or LSV pursuant to Section 2.2 (b) of this Ordinance.

(7) The for-hire vehicle or vehicles, if operated as a taxicab or LSV, are operated at a rate of fare greater than current maximum rate established by the Board pursuant to Section 2.2(a) of this Ordinance.

(8) The permit holder fails to begin operating the for-hire vehicle for which the permit is first approved within ninety (90) days after the approval date.

(9) The permit holder has been convicted of assault, battery, resisting arrest, any felony involving force and violence, or any crime reasonably and rationally related to the paratransit

industry or any similar business operation which bears upon the integrity or ability of the applicant or holder to operate a for-hire vehicle business and transport passengers, unless five (5) years shall have elapsed from the date of discharge from a penal institution or the satisfactory completion of probation for such conviction.

(10) The permit holder has been convicted of a crime that would require a person to register as a sex offender under the California Penal Code. For purposes of this section, a plea or verdict of guilty, a finding of guilt by a court, a plea of nolo contendere or a forfeiture of bail shall be considered a conviction.

(a) A permit holder shall be notified in writing within 10 working days when a credible complaint has been filed with the General Manager by a member of the public where such complaint involves the permit holder, the driver of the permitted for-hire vehicle, or the radio service to which the permit holder is subscribed. It shall be the responsibility of the permit holder to investigate the complaint and report in writing to the General Manager within 30 days the result of the investigation and any corrective action taken or proposed. Where the complainant has agreed to the sharing of their identity, the results of the investigation, findings, and actions shall be communicated to the complainant.

(b) In the event the General Manager finds a permit holder has failed to responsibly respond to notification of complaints or to initiate corrective action, the General Manager shall issue a notice of proposed adverse action to the permit holder. If the circumstances of the complaint or subsequent investigation so warrant, the General Manager may issue a notice of adverse action to a driver independently of or in conjunction with any adverse action proposed to the permit holder. The General Manager shall refer to the Administrative Penalty Guidelines in determining a proposed adverse action.

(c) The permit holder or driver in receipt of a notice of proposed adverse action shall be given the opportunity to appear for an informal hearing before the General Manager or his designated representative. Failure to appear will constitute waiver of the hearing. Following the hearing or waiver thereof, the General Manager shall issue the notice of adverse action if justified by the facts. If the General Manager determines that the performance of the permit holder or driver involves criminal activity or constitutes a serious degradation of the public safety, convenience, or necessity, a notice of adverse action may be issued and the action effected without hearing.

(d) Upon a finding by the General Manager that a permit holder falls within the provisions of this section, the permit holder or driver shall be notified that his or her permit has been subjected to an adverse action and that the matter is such that the action may be appealed. In lieu of an action provided for in the Administrative Penalty Guidelines, the General Manager may impose a fine or a fine and a period of suspension for any violation(s) of this Ordinance.

#### **Section 1.14 - Suspension and Revocation of Driver's Identification Cards**

(a) Driver's identification cards may be suspended or revoked by the General Manager at any time in case:

(1) The General Manager finds the driver's past record to be unsatisfactory with respect to satisfying the provisions of this Ordinance; or

- (2) The driver fails to comply with the applicable provisions of this Ordinance; or
- (3) Circumstances furnish grounds for the denial, suspension, revocation or refusal to renew the driver's identification card by the Sheriff under the terms of the applicable Ordinance of the County of San Diego; or
- (4) His/her California Driver's License is revoked or suspended; or
- (5) The driver is convicted of reckless driving or driving while under the influence of intoxicating liquors and/or narcotics; or
- (6) The driver has been convicted of assault, battery, resisting arrest, any felony involving force and violence, or any crime reasonably and rationally related to the ability or integrity of the driver to operate a for-hire vehicle or transport passengers; or
- (7) The driver has ever been convicted of a crime that requires registration under the California Penal Code as a sex offender.

(b) For purposes of Subsections (a) (1) through (a) (6) of this section, a plea of nolo contendere, or a forfeiture of bail shall be considered a conviction if it occurred within the five (5) years immediately preceding the date of application for a permit or identification card.

(c) Notwithstanding a driver's possession of a valid taxicab or LSV driver identification card, the General Manager may deny, suspend, revoke, or refuse to renew the driver's privilege to operate a for-hire vehicle in the City if the driver falls within the provisions of this section. The General Manager shall send a notice of prohibition to operate a taxicab or LSV to any holder of a Sheriff's driver identification card who is ineligible under Subsection (a) to operate a for-hire vehicle within the City limits. The notice of prohibition shall be appealable in accordance with Section 1.16.

**(Section 1.14 amended 8/7/03)**

**(Section 1.14 amended 6/24/99)**

#### Section 1.15 - Surrender of Medallion

(a) When a permit has been suspended or revoked, the operation of any for-hire vehicle authorized by such permit shall cease, and its medallion surrendered immediately to the General Manager.

**(Section 1.15 amended 11/14/02)**

#### Section 1.16 - Right of Administrative Appeal from Denial, Suspension or Revocation of Permit or Driver's Identification Card or Related Adverse Action

(a) The permit holder or driver shall be notified that he or she may file with the General Manager a written administrative appeal ten (10) days after delivery of the notice of revocation or suspension, or the denial of a license, permit, or driver's identification card, the notice of prohibition to operate or the imposition of a fine. The permit holder or driver shall set forth in the appeal the reasons why such action is not proper.

(b) If no administrative appeal is filed within the proper time, the permit or driver's identification card shall be considered revoked, suspended or denied, and shall be surrendered, the fine be imposed, as applicable, or the notice of prohibition to operate take effect.

(c) Except as provided in Subsection (d), once an administrative appeal is filed, the revocation or suspension of the permit or driver's identification card, the effect of the notice of prohibition to operate, or the imposition of the fine shall be stayed pending the final determination of the administrative appeal.

(d) If, in the General Manager's opinion, the continued operation of a for-hire vehicle or possession of a driver's identification card represents an unsafe condition for any passenger or pedestrian, the revocation or suspension of the related permit, driver's identification card, or the effect of any notice of prohibition to operate shall not be stayed. A revocation or suspension of a permit imposed for failure to comply with Section 1.8 (f) or Section 1.9 is rebuttably presumed to represent an unsafe condition pending the determination of the appeal or the correction of the violation, whichever shall occur first. Notwithstanding, no medallion shall be reaffixed to a vehicle until the violation under Sections 1.8 (f) or 1.9 has been corrected.

*(Section 1.16 amended 8/7/03)*

*(Section 1.16 amended 11/14/02)*

#### Section 1.17 - Procedure Upon Administrative Appeal

(a) When an appeal is filed, the General Manager shall review the appeal, and based on additional information provided therein, may revise his findings and penalty; in accordance with the additional information provided; or cause the appeal to be assigned to a Hearing Officer, who shall expeditiously schedule the hearing before him/her.

(1) The General Manager shall maintain a list of qualified Hearing Officers and shall regularly rotate assignments based on availability of the proposed Hearing Officers.

(2) The Hearing Officer shall be appointed by the General Manager, shall be a member of the California State Bar, and shall not be an MTDB employee.

(b) The appellant and the General Manager or designate shall each have the right to appear in person and be represented by legal counsel, to receive notice, to present evidence, to call and cross-examine witnesses under oath, and to present argument.

(1) The Hearing Officer shall have the power to compel attendance of witnesses and documents by subpoena, in accordance with state law.

(2) The formal rules of evidence need not apply, and any relevant evidence that is the sort of evidence upon which responsible persons are accustomed to rely in the conduct of serious affairs shall be admissible. Hearsay evidence may be considered by the Hearing Officer, but no findings may be based solely on hearsay evidence unless supported or corroborated by other relevant and competent evidence. The formal exceptions to the hearsay rule shall apply.

(c) The General Manager shall promulgate supplementary rules and procedures for the conduct of the hearing, the forms of notice and proceedings, and the preparation and submission of the record.

(d) The decision of the Hearing Officer shall be the final administrative remedy and shall be binding upon the parties to the appeal.

(e) If the Hearing Officer decides to suspend or revoke a permit or driver's identification card, the appellant shall immediately surrender the medallion or driver's identification card to the General Manager.

#### Section 1.18 - Exceptions to Provisions

### **SECTION 2.0 - TAXICABS AND/OR LSVs**

#### Section 2.1 - Types of Service

(a) A taxicab or LSV is authorized to provide exclusive ride and group ride service.

*(Section 2.0 and 2.1 amended 8/7/03)*

#### Section 2.2 - Rates of Fare

(a) After a notice and open public hearing of the Taxicab Committee, MTDB shall establish a maximum rate of fare for exclusive ride and group ride hire of taxicabs and/or LSVs except for trips from Lindbergh Field International Airport. A permit holder may petition the Board for any desired change in the maximum taxicab or LSV rates for exclusive ride and/or zone rates and group ride hire.

(b) Taxicab trips from Lindbergh Field International Airport shall be at a uniform rate of fare. Rates for trips originating at the airport may include an extra charge equal to the Airport Trip Fee assessed against the individual taxicab operator by the San Diego County Regional Airport Authority. The extra may not be charged on any trip that does not originate at the airport or on any trip where the taxicab operator does not pay the fee to the San Diego County Regional Airport Authority. The extra charge may only be charged to the customer by utilizing the extra button on the taxicab meter. A driver may not verbally request payment. All taxicabs utilizing the Airport Trip Fee extra button must have a decal, approved by the General Manager and the County of San Diego Office of Weights and Measures. The decal shall identify and accurately describe the extra charge consistent with regulatory requirements.

(c) Each permit holder shall file with the General Manager the rates of fare that he/she will charge, which shall not exceed the maximum rate set by the Board pursuant to Section 2.2(a).

(1) Each taxicab permit holder shall set the taximeter for the rate that he/she will charge and have the taximeter sealed and inspected.

(2) Each taxicab permit holder shall prominently post rates in dollars-per-mile centered on the upper third part of both rear doors one (1) inch in height utilizing "Univers" or other MTDB pre-approved font in black or white lettering to produce maximum contrast adequately spaced for maximum readability.

(3) No other information shall be posted on rear doors.

(d) If a taxicab permit holder desires to change his/her rates of fare, he/she shall file with the General Manager the new rates, reset the taximeter, have the taximeter sealed and inspected, and post the revised rates on each side of the taxicab as provided in Subsection (c) of this section.

(e) It shall be unlawful for a permit holder or driver to operate any taxicab in the City, unless the vehicle is equipped with a taximeter that meets the requirements of the State of California.

(1) The taximeter shall be of a style and design approved by the General Manager.

(2) The taximeter shall calculate fares upon the basis of a combination of mileage traveled and time elapsed. When operative with respect to fare indication, the fare-indicating mechanism shall be actuated by the mileage mechanism whenever the vehicle is in motion at such a speed that the rate of mileage revenue equals or exceeds the time rate, and may be actuated by the time mechanism whenever the vehicle speed is less than this, and when the vehicle is not in motion.

(3) Waiting time shall include all time when a taxicab occupied or engaged by a passenger is not in motion or is traveling at a speed which is slow enough for the time rate to exceed the mileage rate. Waiting time will also include the time consumed while standing at the direction of the passenger or person who has engaged the taxicab.

(4) It shall be the duty of every permit holder operating a taxicab to keep the taximeter in proper condition so that the taximeter will, at all times, correctly and accurately indicate the charge for the distance traveled and waiting time. The taximeter shall be at all times subject to the charge for the distance traveled and waiting time.

(5) The taximeter shall be at all times subject to inspection by an MTDB inspector or any peace officer. The MTDB inspector or peace officer is hereby authorized at his or her instance or

upon complaint of any person to investigate or cause to be investigated the taximeter, and upon discovery of any inaccuracy in the taximeter, or if the taximeter is unsealed, to remove or cause to be removed the vehicle equipped with this taximeter from the streets of the City until the taximeter has been correctly adjusted and sealed. Before being returned to service, the vehicle and taximeter must be inspected and approved by the General Manager.

(6) Any device repairperson who places into service, repairs, or recalibrates a taximeter shall record the tire size and pressure of the drive wheels of that vehicle, as tested, on the repair person's sticker.

(7) It shall be the duty of the permit holder to ensure the proper device repair person's sticker is affixed to the taximeter and to ensure the tires are the proper size.

(f) It shall be unlawful for any driver of a taxicab, while carrying exclusive or group ride passengers, to display the flag or device attached to the taximeter in such a position as to denote that the vehicle is for hire, or is not employed, or to have the flag or other attached device in such a position as to prevent the taximeter from operating. It shall be unlawful for any driver to throw the flag into a position which causes the taximeter to record when the vehicle is not actually employed, or to fail to throw the flag or other device into nonrecording position at the termination of each and every service.

(g) The taximeter shall be so placed in the taxicab that the reading dial showing the amount of fare to be charged shall be well-lighted and easily readable by the passenger riding in such taxicab.

(h) It shall be unlawful for any permit holder and/or driver of a taxicab or LSV to demand of a passenger a charge for hire which is greater than the current maximum rate approved by the Board pursuant to Section 2.2 (a) or (b) of this Ordinance.

(i) Except as provided in this section, it shall be unlawful for any permit holder and/or driver to demand of a passenger a charge for hire which is greater than the permit holder's meter rate filed with the General Manager pursuant to Sections 2.1 (a), 2.2 (b), or 2.2 (c) of this Ordinance.

(j) Nothing in this Ordinance shall preclude a permit holder or driver from agreeing with prospective passenger(s) to a rate of fare which is less than the permit holder's filed and posted rates of fare if the agreement is entered into in advance of the passenger(s), hiring the taxicab for the trip, except for trips commencing at the Lindbergh Field International Airport.

### Section 2.3 - Equipment and Specifications

(a) No taxicab shall be operated until the taximeter thereon has been inspected, tested, approved and sealed by an authorized representative of the State of California, and thereafter so maintained in a manner satisfactory to the General Manager.

(b) Each taxicab shall be equipped with a device which shall plainly indicate to a person outside the taxicab whether the taximeter is in operation or is not in operation.

(c) Exterior Markings

(1) The permit holder's trade name shall be painted or permanently affixed in letters and numerals four (4) inches high all on one line on the upper third part of both front doors utilizing "Univers" or other General Manager pre-approved font in black or white lettering to produce maximum contrast adequately spaced for maximum readability. In the event the trade name does not fit on one line utilizing four (4) inch lettering, the trade name lettering must be as large as possible, up to four (4) inches in height, to enable the trade name to fit on one line.

(2) The medallion number shall be painted or permanently affixed, on both front doors, one (1) inch below the permit holder's trade name, six (6) inches high, utilizing "Univers" or other General Manager pre-approved font in black or white lettering to produce maximum contrast adequately spaced for maximum readability.

(3) The permit holder's trade name and medallion number shall be painted or permanently affixed on the rear of the taxicab, four (4) inches high, utilizing "Univers" or other General Manager pre-approved font in black or white lettering to produce maximum contrast adequately spaced for maximum readability. In the event the rear of the vehicle does not have four inches of vertical space for the trade name and medallion number, the rear lettering may be less than four inches, provided that it is easily readable from a distance of 50 feet.

(4) No other information shall be permitted to be posted on front doors.

(5) Optional Exterior Vehicle Markings. The permit holder has the option of choosing to post any combination of the below-listed five options on his or her taxicab which must be posted only at the specific location and in the size noted and are subject to the General Manager's approval.

a) Trade Name Logo. If the permit holder chooses to display his or her trade name logo, the trade name logo shall be posted only on the rear portion of both side rear quarter panels.

The radio service provider name or logo must be displayed only on the rear portion of both side rear quarter panels.

(6) **Body Numbers.** If the permit holder chooses to post an internally assigned body number, different from the medallion number, the body number shall be posted in one (1) inch numerals on the front and rear bumpers.

(7) All other exterior vehicle markings are prohibited unless they are directly related to the permit holder's business and pre-approved by the General Manager.

(d) All taxicabs shall be equipped and operated so that they may be dispatched by two-way radio communication in response to a telephone or other request for service by a prospective passenger. This requirement may not be met by use of a mobile radio telephone service.

(1) Radio must be turned on, and audible to driver, at all times the taxicab is in service.

(e) The radio dispatch capability described in paragraph (d) of this section must be provided so as to conform to the regulations of the Federal Communications Commission pertaining to Land Transportation Radio Services. Failure to conform to those regulations will additionally constitute a failure to meet the requirements of this section.

(1) The current valid FCC license shall be on file with MTDB.

(2) Taxicab permit holder shall provide current proof the radio has passed inspection by an MTDB-approved inspector.

(3) Taxicab radios shall have the capability to receive or transmit only on frequencies specified in the FCC license of the radio service subscribed to by the permit holder.

#### **Section 2.4 - Operating Regulations**

(a) Operating regulations shall be promulgated and adopted from time to time by resolution of the Board. These resolutions will have the force of law and will be published and processed as though set forth in this Ordinance.

(b) Any driver employed to transport passengers to a definite point shall take the most direct route possible that will carry the passenger to his destination safely and expeditiously.

(c) It shall be unlawful for the driver or operator of any taxicab or LSV to refuse a prospective or actual fare or to take any action to actively discourage a prospective or actual fare on the basis of race, creed, color, age, sex, national origin, disability, or for any other reason, unless it shall be readily apparent that the prospective or actual fare is a hazard to the driver or operator. Rude or abusive language directed to a passenger(s) or any physical action that a reasonable person would construe as threatening or intimidating shall be specifically defined as a violation of this section.

(1) A driver, however, is not obligated to transport any person who is verbally or otherwise abusive to the driver. Such incidents shall be reported immediately to a police officer or to an MTDB inspector.

(2) A failure of the driver of any taxicab or LSV to assist a passenger with the loading or unloading of a reasonable size, number, and kind of passenger luggage or other items, when requested to do so, shall be specifically defined as a violation of this section. A driver is not required to lift any single piece of passenger luggage or other item that exceeds 25 pounds in weight. The requirement for loading or unloading assistance shall be limited to retrieval from or deposit onto the nearest curbside adjacent to the legally parked taxicab or LSV. A sign in the form of a transparent decal may be affixed to the rear-door, side window stating that, "DRIVER IS NOT REQUIRED TO LOAD LUGGAGE IN EXCESS OF 25 POUNDS PER ITEM OR OF A SIZE OR KIND THAT WILL NOT SAFELY FIT IN THE DESIGNATED LUGGAGE AREA OF THIS VEHICLE."

(3) A driver with a lawful disability that prevents him/her from handling items as defined in subsection (2) above is, upon submission of proof of such disability, relieved of responsibility for the requirements of subsection (2). (p) The taxicab or LSV driver shall maintain a daily trip log which shall be available for inspection upon request by any peace officer or MTDB inspector. The trip log will accurately show the driver's name, taxicab or LSV number, date, time, beginning odometer reading, starting and ending locations, type of service provided, and fare paid for each trip provided.

(1) The daily trip log shall consist, at a minimum, of a five- by seven-inch paper form retained on a stiff-board writing surface with ruled lines and columns sufficient to contain the required information. All entries will be in black or dark blue ink, block letters, and be clearly legible. ## Policies and Procedures

No. 34

| SUBJECT:

Board Approval: 07/17/0804/19/1

### FOR-HIRE VEHICLE SERVICES

#### PURPOSE:

To establish a policy with guidelines and procedures for the implementation of MTS Ordinance No. 11.

#### BACKGROUND:

Regulation of for-hire vehicle service is in the interest of providing the citizens and visitors to the MTS region and particularly the Cities of El Cajon, Imperial Beach, La Mesa, Lemon Grove, Poway, San Diego, and Santee, with a good quality local transportation service. Toward this end, MTS finds it desirable to regulate the issuance of taxicab permits, to establish maximum rates of fare, and to provide for annual review of cost-recovery regulatory fees.

#### POLICY:

##### 34.1 City of San Diego Entry Policy

34.1.1 MTS will periodically establish the maximum number of taxicab permits to be issued for the City of San Diego.

34.1.2 New City of San Diego permits will be issued in accordance with amended City Council Policy No. 500-2, "Taxicab Permits," adopted on August 6, 2001.

##### 34.2 City of San Diego Entry Policy Implementation

The following guidelines should be observed with respect to the issuance of taxicab permits when the formula yields an increase of at least 40 permits.

34.2.1 The percentage of growth in population divided by 2 plus the percentage of growth in hotel room nights occupied times the current number of permits. All changes are to be calculated on a two-year rolling average.

34.2

Metropolitan Transit System (MTS) is a California public agency and is comprised of San Diego Transit Corporation and San Diego Trolley, Inc. nonprofit public benefit corporations, in cooperation with Chula Vista Transit and National City Transit. MTS is the taxicab administrator for eight cities and the owner of the San Diego and Arizona Eastern Railway Company. MTS member agencies include: City of Chula Vista, City of Coronado, City of El Cajon, City of Imperial Beach, City of La Mesa, City of Lemon Grove, City of National City, City of Poway, City of San Diego, City of Santee, and the County of San Diego.

34.2.2 The process through which permits are issued will limit the concentration of permits. No permit will be issued or transferred to any person, partnership, corporation, association, or other entity if such issuance or transfer would result in any permit holder having an interest in more than 40 percent of the existing permits. New permits shall not be transferred for a period of five years after issuance.

34.2.3 No single permit will be issued or transferred to any person, company, business, corporation, or other entity if such issuance or transfer would result in single permit holders in aggregate having interest in more than 40 percent of the existing permits.

### 34.3 City of San Diego Entry Policy Exclusions

This policy is not intended to govern the issuance of limited permits as authorized by Section 1.7 of MTS Ordinance No. 11.

### 34.4 Maximum Fare Policy

Pursuant to MTS Ordinance No. 11, Section 2.2(a) and after a duly noticed and open public hearing, MTS determined that the maximum rate of fare for exclusive ride and group ride hire of taxicabs shall be that fare that does not exceed twenty percent (20%) more than the weighted average of fares as established in accordance with this policy.

#### 34.4.1 Maximum Fare Determination

The weighted average of fares shall be computed by the Chief Executive Officer and duly promulgated in writing upon the passage of this policy and thereafter each year by averaging each segment of the fare structure of all MTS taxicab permit holders. The fare structure shall consist of the dollar amounts charged by said permit holders for the flag drop, the per-mile charge, waiting-time charge, first zone, and each additional zone charge. The weighted average of these charges shall be arrived at by adding each segment of each respective charge and dividing it by the total number of taxicabs holding effective permits.

34.4.2 The Chief Executive Officer will use his discretion when the maximum rates of fare and the uniform rates of fare for trips from Lindbergh Field airport are incompatible. The Chief Executive Officer may adjust the maximum rates of fare so that the uniform rates of fare, based on the change in the Annual All Urban Western Transportation Consumer Price Index, do not exceed the maximum rates allowed in accordance with Section 34.4.1.

### 34.5 Airport Taxicab Fare Policy

Rates of fare for trips from Lindbergh Field Airport shall be uniform.

In the event an owner chooses a different rate for nonairport trips for taxicabs authorized to service the airport, two meters or a multirate meter shall be installed and identified. The meter(s) shall be activated according to the proper rate for the

trip's origin, and it shall be clearly visible to the passenger which rate is being charged.

- 34.5.1 The uniform rates of fare for taxicab trips from Lindbergh Field Airport are initially established at \$1.40 flag drop, \$1.50 per mile, and \$12.00 per hour, effective June 1, 1990.

The airport rates shall be reviewed annually, beginning in January 2009, by the Chief Executive Officer. Airport rates shall be adjusted based on the 1990 amounts, in accordance with the change in the Annual All Urban Western Transportation Consumer Price Index/ San Diego. Adjustments shall be rounded up or down, as appropriate, to the nearest even \$0.10 increment.

In addition to the airport uniform rate of fare, a taxicab operator may charge an "extra" equal to the Airport Trip Fee assessed against the individual taxicab operator by the San Diego County Regional Airport Authority. The extra may not be charged on any trip that does not originate at the airport or on any trip where the taxicab operator does not pay the fee to the San Diego County Regional Airport Authority. The extra charge may only be charged to the customer by utilizing the extra button on the taxicab meter. A driver may not verbally request payment.

#### 34.6 Regulatory Fee Review

The following procedures will be utilized for the establishment of for-hire vehicle regulatory fees.

- 34.6.1 In accordance with State of California Public Utilities Code Section 120266, MTS shall fully recover the cost of regulating the taxicab and other for-hire vehicle industry. Pursuant to MTS Ordinance No. 11, Sections 1.3(b), 1.4(b), and (d), and 1.5(d), the Chief Executive Officer establishes a fee schedule to effect full-cost recovery and notify affected permit holders of changes in the fee schedule.

- 34.6.2 The procedure for establishing a regulatory fee schedule will include an annual review of the audited expenses and revenue of the previous fiscal year associated with MTS for-hire vehicle activities. The revised fee schedule will be available for review by interested parties in November each year and is subject to appeal as provided for in Ordinance No. 11, Section 1.5(d).

- 34.6.3 A fee schedule based on previous year expenses and revenue amounts will be put into effect each January.

Mr. Harry Mathis, Chairman of the Board  
Metropolitan Transit System  
1255 Imperial Ave, Suite 1000  
San Diego, CA 92101-7490

Dear Chairman Mathis:

## Re: Airport Taxicab Trip Fees

This letter will follow up correspondence between our respective staffs regarding our request to have the use fee imposed by the San Diego International Airport ("Airport") on taxicabs leaving the Airport placed on the taximeter as an additional charge. We respectfully request that MTS move immediately to act positively upon our request.

By way of background, the San Diego County Regional Airport Authority ("Authority") operates the Airport and issues permits to and regulates taxicabs operating at the Airport. Since 2010, the Authority has collected Airport use fees ("Trip Fee") from taxicabs leaving the Airport taxicab hold lot. The Trip Fee is based on the actual costs incurred by the Authority to provide services, improvements, facilities and regulatory enforcement to taxicab operators. The Trip Fee is a pure cost recovery user fee intended to defray Authority costs.

Since February 2010, the Authority has requested that MTS add the Trip Fee to the taximeters of taxicabs serving the Airport, either as a surcharge, as an increase in the Airport rates of fare, or by abolishing the difference between airport rates and those approved for the rest of San Diego. The Authority has provided MTS with written substantiation and calculations supporting the Trip Fee.

In response to a letter from MTS CEO Paul Jablonski dated September 16, 2011, the Authority's Board adopted Resolution 2012-0024 on February 9, 2012, (1) finding the Trip Fee is a user fee based on pure cost recovery, and (2) approving a draft Indemnity Agreement with MTS to facilitate MTS acting to place the Trip Fee on taximeters of taxicabs serving the Airport.

Recently, our respective legal counsels, coordinating with the San Diego City Attorney's Office, have agreed upon the terms of a draft Indemnity Agreement. Therefore, on behalf of the Authority, I request your assistance in scheduling for the earliest possible consideration by the MTS Board our request to place the Trip Fee (as set by the Authority from time to time) on the taximeters of taxicabs serving the Airport.

## INDEMNITY AGREEMENT

This Agreement is made and entered into effective March 6, 2012 by and between the San Diego County Regional Airport Authority ("Authority") and the San Diego Metropolitan Transit System ("MTS").

### RECITALS

- A. MTS is authorized under Public Utilities Code § 120266 to enter into contracts to regulate transportation services within a city in its area of jurisdiction; and
- B. Through an agreement beginning July 1, 1988 (MTDB Doc. No. 00-89-502, T370; City of San Diego Doc. No. RR-271306), and subsequent amendments thereto ("MTS-City Agreement"), MTS regulates taxicabs and other for-hire vehicles and services within the City of San Diego ("City"); and
- C. Pursuant to the MTS-City Agreement, MTS regulates taxicab operations subject to the City's right to "set fundamental public policy" related to taxicab operations within the City; and
- D. MTS Ordinance No. 11 establishes the rules and regulations for taxicab operations within MTS's area of jurisdiction, including establishing taxicab rates of fare and amounts that may be charged to the public for taxicab services; and
- E. MTS Board Policy No. 34 calculates the annual taxicab rates of fare in accordance with the rules established in Ordinance No. 11; and
- F. Taxicabs operating in the City are required to have a permit issued by MTS in accordance with Ordinance No. 11; and
- G. Authority, as the owner and operator of San Diego International Airport ("Airport") requires taxicabs, taxicab owners, and taxicab drivers ("Airport Taxicab Operators") conducting business on the Airport to have separate permits issued by the Authority; and
- H. As part of the Authority's taxicab permitting process, a per trip fee ("Airport Trip Fee") for each taxicab trip originating at the Airport is required to be paid to the Authority; and
- I. The Airport Trip Fee was adopted and approved by the Authority through the actions of its Board after completion of a study and public hearing process by Board Resolutions 2010-0006; 2010-0027 and 2010-0082, all which were approved prior to the passage on November 2, 2010 of Proposition 26 (Cal. Const., Article XIII C) and were not created by a state law; and

- J. The Airport Trip Fee is paid by each Airport Taxicab Operator to the Authority as each taxicab leaves the Airport taxicab hold lot; and
- K. The Airport Trip Fee is a user and privilege fee predicated on cost recovery to reimburse the Authority for the Airport Taxicab Operators' "fair share" of Authority's costs of constructing, managing, regulating and maintaining the commercial ground transportation operations and improvements at the Airport used by and for the benefit of commercial taxicabs; and
- L. The Authority's Airport Trip Fee is an exempt user, service, privilege, regulatory and benefit fee charging those conducting and operating commercial taxicab businesses on the proprietary airport property of the Authority, expressly being exempt under the provisions of California Constitution Article XIII C, Sections 1(e)(1),(2),(3) and (4); and
- M. The Authority also imposes Airport fees on the operators of other commercial ground transportation entities for the privilege of operating on the Airport; and
- N. Neither MTS nor City had any role in the adoption, monitoring or collection of the Authority's Airport Trip Fee; and
- O. Neither MTS nor City receive any funds from the Airport Trip Fee; and
- P. In response to requests from the taxicab industry for the ability to recoup the costs associated with the Airport Trip Fee directly from passengers, the Authority has requested MTS, through amendments to Ordinance No. 11 or other required action, to authorize collection of an amount equal to the Airport Trip Fee (an "extra") in addition to the standard rate of fare authorized for Airport taxicab trips; and
- Q. MTS, City and Authority have been put on notice of potential challenges to the Authority's right to impose the Airport Trip Fee and/or the ability of Airport Taxicab Operators to collect the Airport Trip Fee from passengers; and
- R. Authority has conducted its own research and review of the Airport Trip Fee and applicable law and determined that the Airport Trip Fee and the actions requested in Recital P and Section 1 of this Agreement comply with State and Federal law, including California Constitution Article XIII C; and
- S. As described in this Agreement, MTS has agreed to hold a hearing to consider authorizing collection of an "extra" from passengers equivalent to the Airport Trip Fee paid by individual Airport Taxicab Operators, subject to Authority's agreement to defend and indemnify MTS and MTS member agencies, from any costs, claims or liability related to the Airport Trip Fee or the actions required by MTS to authorize the collection of the "extra" from passengers.

#### **AGREEMENT**

1. MTS agrees to:

- a. Notice and hold a public hearing at the March 16, 2012, MTS Taxicab Advisory Committee ("TAC") to consider the Authority's recommended changes to Ordinance No. 11 and Board Policy No. 34 allowing Airport Taxicab Operators to charge passengers an amount equivalent to the Airport Trip Fee paid to Authority. The TAC will forward its recommendations on the proposed amendments to the MTS Board for further action.
- b. Following the TAC meeting described in paragraph (a), notice and hold a public hearing pursuant to Public Utilities Code § 120109, to consider the Authority's recommended changes to Ordinance No. 11 at a MTS Board meeting.
- c. If approved by the MTS Board after the notice and public hearing described in paragraph (b), MTS will take action to implement the proposed amendments to Ordinance No. 11 by:
  - i. Working with the County of San Diego Office of Weights and Measures and Airport Taxicab Operators to install "extra" button taximeters, consistent with documentation provided by the Authority identifying the amount of the Airport Trip Fee to be paid by an individual taxicab.
  - ii. Working with the County of San Diego Office of Weights and Measures, the Authority, and Airport Taxicab Operators to design and install a decal in or on each Airport taxicab that identifies and accurately describes the Airport Trip Fee consistent with the requirements of § 5.54 UR.3 of the National Institute of Standards and Technology (NIST) Handbook 44 as adopted by Title 4, California Code of Regulations § 4000.

2. Authority agrees to:

- a. Provide MTS with all information necessary to take the actions described in Section 1.
- b. In the event MTS takes action to amend Ordinance No. 11 as described in Section 1, Authority shall indemnify, defend and hold harmless the MTS, including its Board, officers, directors, agents, and employees; and all other MTS member agencies (City of San Diego, County of San Diego, City of Chula Vista, City of Coronado, City of Imperial Beach, City of National City, City of La Mesa, City of Lemon Grove, City of Poway, City of El Cajon, and City of Santee), including their governing boards, officers, directors, agents and employees (collectively "Indemnitees"), from any and all liability, loss, expense (including reasonable attorneys' fees and other defense costs), demands, suits, liens, damages, costs, claims, or legal challenges that are incurred by or asserted against the Indemnitees arising out of or connected with the Authority's Taxicab Trip Fee being added to or placed on taximeters of taxicabs serving the Airport. This defense and indemnification obligation shall apply to all challenges based on the actions taken by Indemnitees required by this Agreement.
  - i. In the event a claim, lawsuit or other legal document is filed against one or all Indemnitees, the Indemnitee shall tender the defense of the claim, lawsuit or other legal document to Authority by sending a request for defense and indemnification to Authority's General Counsel.

- ii. Upon receipt of a tender request, Authority shall immediately take all action necessary to defend Indemnitee against liability.
- iii. Authority shall be entitled to select the legal counsel of its choice to defend Authority and/or Indemnites in any legal action.
- iv. Authority shall instruct its legal counsel to keep Indemnitee's designated legal representative informed of the defense of the action, including any settlement discussions or stipulations on behalf of Indemnitee.
- v. In the event a judgment or settlement is reached requiring the payment of money, disgorgement of payments or other out-of-pocket cost or penalty under the Airport Trip Fee program, Authority shall be responsible for all such payments and shall not request reimbursement from Indemnitee.
- vi. This Agreement does not require the Authority to indemnify or defend the Indemnites, or any of them, for any liability, claim or action caused their sole negligence or malfeasance.
- vii. The term of this Agreement shall terminate if (a) the Airport taxicab trip fee is repealed by the Authority, or (b) no action is taken by the Indemnites, or any of them, to place or approve the Airport taxicab trip fee on taximeters.

## Agenda Item No. 6

### MEETING OF THE METROPOLITAN TRANSIT SYSTEM BOARD OF DIRECTORS

April 19, 2012

**Draft for  
Executive Committee  
Review Date: 4/12/12**

#### SUBJECT:

INVESTMENT REPORT – JANUARY 2012

#### RECOMMENDATION:

That the Board of Directors receive a report for information.

#### Budget Impact

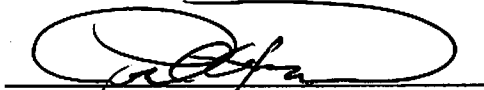

None.

#### DISCUSSION:

Attachment A comprises a report of MTS investments as of January 2012. The combined total of all investments has decreased from \$179.4 million to \$172.7 million in the current month. This \$6.7 million decrease is due to expenditures for acquisition of capital assets totaling \$10.7 million partially offset by receipt of TransNet funds dedicated to acquisition of capital assets.

The first column provides details about investments restricted for capital improvement projects and debt service—the majority of which are related to the 1995 lease and leaseback transactions. The funds restricted for debt service are structured investments with fixed returns that will not vary with market fluctuations if held to maturity. These investments are held in trust and will not be liquidated in advance of the scheduled maturities. The second column (unrestricted investments) reports the working capital for MTS operations allowing for employee payroll and vendors' goods and services.

During January, \$10 million was transferred from the general operating account to the Local Agency Investment Fund temporary investment account.

## Agenda Item No. 7

### MEETING OF THE METROPOLITAN TRANSIT SYSTEM BOARD OF DIRECTORS

April 19, 2012

**Draft for  
Executive Committee  
Review Date: 4/12/12**

#### SUBJECT:

INVESTMENT REPORT – FEBRUARY 2012

#### RECOMMENDATION:

That the Board of Directors receive a report for information.

#### Budget Impact

None.

#### DISCUSSION:

Attachment A comprises a report of MTS investments as of February 2012. The combined total of all investments has increased from \$172.7 million to \$176.3 million in the current month. This \$3.6 million increase is due to receipt of STA and TransNet funds dedicated to acquisition of capital assets, partially offset by expenditures for capital asset acquisition totaling \$7 million.

The first column provides details about investments restricted for capital improvement projects and debt service—the majority of which are related to the 1995 lease and leaseback transactions. The funds restricted for debt service are structured investments with fixed returns that will not vary with market fluctuations if held to maturity. These investments are held in trust and will not be liquidated in advance of the scheduled maturities. The second column (unrestricted investments) reports the working capital for MTS operations allowing for employee payroll and vendors' goods and services.

A handwritten signature in black ink, appearing to read 'Paul C. Jablonski', is written over a horizontal line.

## Agenda Item No. 8

### MEETING OF THE METROPOLITAN TRANSIT SYSTEM BOARD OF DIRECTORS

April 19, 2012

**Draft for  
Executive Committee  
Review Date: 4/12/12**

#### SUBJECT:

FIBER-OPTICS CABLE PROJECT - FUNDS TRANSFER

#### RECOMMENDATION:

That the Board of Directors approve the transfer of funds from:

1. the LRV Onboard Cameras Project (CIP 11271) to the MVW Security Fiber Installation Project (CIP 1144400) for construction use; and
2. the Substation SCADA Design Project (CIP 1144000) to the MVW Security Fiber Installation Project (CIP 1144400) to purchase network switches.

#### Budget Impact

1. Funds are available within MTS CIP 11271 (LRV Onboard Cameras) in the amount of \$900,870 (see the IFAS report for information—Attachment A).
2. Funds are available within SANDAG CIP 1144000 (Substation SCADA Design) in the amount of \$800,632—\$500,000 of which would be transferred to SANDAG CIP 1144400 for the MVW Security Fiber Installation Project.

#### DISCUSSION:

SANDAG is overseeing a project to install fiber-optic cable on the Green and Orange Lines, which will carry video images from MTS's closed-circuit television (CCTV) network. The installation of the fiber-optic cable is currently under construction along Mission Valley East track using a job order contract with Select Electric. Contracts for the Mission Valley West track and 12 miles of the Orange Line have not been awarded. The fiber-optic cable installation is scheduled to be completed by July 2013.

MTS is the taxicab administrator for seven cities. MTS member agencies include the cities of Chula Vista, Coronado, El Cajon, Imperial Beach, La Mesa, Lemon Grove, National City, Poway, San Diego, Santee, and the County of San Diego.

Funding for the project was provided by MTS totaling \$5,960,245.40 (as per Board approval in January 2011) based on engineer's estimates available at the time. Using updated estimates and the pricing for the segment currently in construction, the projected cost to complete the fiber-optics installation is estimated to be \$6,874,627. Since MTS CIP funds are being used to fund this project, SANDAG has requested that the project budget be supplemented to meet the new cost estimate.

MTS has identified funds from the security grant for LRV Onboard Cameras for transfer to the Fiber-Optics Cable Project. This is an appropriate use of the grant funds because the fiber will be utilized for viewing the LRV onboard cameras once all wayside equipment has been installed.

In addition, as part of the upgrades to the Orange Line infrastructure and to provide for SCADA (supervisory control and data acquisition) capability, SANDAG is requesting to purchase eight network switches for installation by the fiber-optics contractor, Select Electric. Funds available from the SCADA CIP are also proposed for transfer to the Fiber-Optics Cable Project to meet the updated budget estimates.
